

VGA HD15 Empty MOS Modules

APPLICATION

VGA HD15 Empty MOS Modules snap into MOS wallplates and surface-mount housings from the front or side. The adapters accept HD15 video connectors (sold separately).

SPECIFICATION

Outlet adapter modules shall comply with TIA/EIA-568-C requirements. They shall be made of fire-retardant plastic. Modules shall be interchangeable, mounting between various multimedia surface- and flush-mount outlets. They shall be capable of housing HD15 connectors and shall be capable of maintaining a minimum cable bend-radius within the area of minimum NEMA box enclosures.

FEATURES

- Modules load into housings from the front or side
- Available in five colors: white, light almond, ivory, grey and black

DESIGN CONSIDERATIONS

- Modules fit MOS housings and wallplates only
- Module is 1 unit high
- HD15 connectors must be ordered separately

STANDARDS COMPLIANCE

ANSI/TIA-568-C compliant

cULus Listed (UL1863, CAN/CSA-C22.2 No. 182.4-M90)

PHYSICAL SPECIFICATIONS

Dimensions: See page two

Materials: Fire-retardant plastic

Mounting: Module snaps into MOS wallplate or surface-mount housing

COUNTRY OF ORIGIN

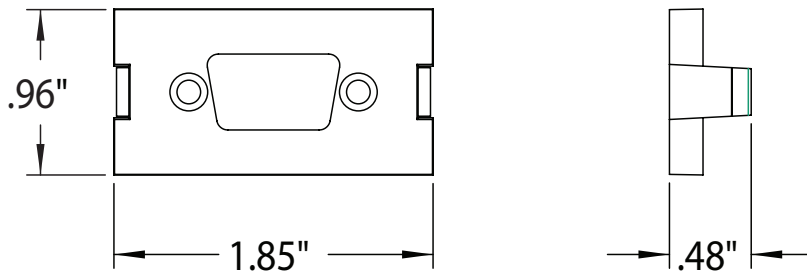

Mexico
