

Duplex ST Fiber Adapter MOS Modules For Single-Mode Applications

APPLICATION

For configuring single-mode ST fiber connectivity in the Multimedia Outlet System (MOS). All MOS modules snap into MOS wallplates and surface-mount housings from the front or side.

SPECIFICATION

The outlet adapter modules shall comply with ANSI/TIA-568-C requirements. It shall be made of fire-retardant plastic. Adapters shall be type ST with ceramic sleeve for single-mode application. Modules shall be interchangeable, mounting between various multimedia surface- and flush-mount outlets. Modules shall be capable of maintaining a minimum cable bend-radius within the area of minimum NEMA box enclosures.

FEATURES

- Can be used with single-mode fiber
- Modules load into housings from the front or side
- Available in four colors: white, ivory, grey and black
- Available in 1 and 1.5 units high

DESIGN CONSIDERATIONS

- Modules fit MOS housings and wallplates only
- 1.5-unit high modules have a 45-degree exit/angle
- Use angled modules when a low profile exit is desired
- Place angled modules in bottom of wallplate to allow cable clearance at top of wall opening

STANDARDS COMPLIANCE

ANSI/TIA-568-C compliant

PHYSICAL SPECIFICATIONS

Dimensions: See page two

Materials: Fire-retardant plastic, rated UL 94V-0
ST adapters use zirconia ceramic sleeves

Mounting: Snaps into MOS wallplate or surface-mount housing

COUNTRY OF ORIGIN

Taiwan
