

Canadian Life Safety Solutions

# Canadian Life Safety Solutions

The nature and extent of emergency lighting is driven by a combination of governmental standards, facility and space criteria, and the ultimate needs of building occupants. Every commercial and public space is unique, but the goal of emergency lighting remains the same: provide a safely-lit environment for occupants when normal life is interrupted by unexpected circumstances. Additionally, different feature sets are needed for different applications, that is why Lithonia Lighting® has developed life safety products that fit into 4 families: **Basics™**, **Quantum®**, **Signature®**, & **Indura®**.

## Families:

|                   |                             |                |
|-------------------|-----------------------------|----------------|
| <b>Basics™</b>    | Ideal for Small Spaces      | <b>4 - 7</b>   |
| <b>Quantum®</b>   | Ideal for Larger Spaces     | <b>8 - 13</b>  |
| <b>Signature®</b> | Ideal for High-End Spaces   | <b>14 - 15</b> |
| <b>Indura®</b>    | Ideal for Industrial Spaces | <b>16 - 21</b> |

# Basics™ Family

## Making Life Safety Simple

The Basics™ Family from Lithonia Lighting® is perfect for smaller spaces and everyday projects. Basics takes the hassle out of the selection and ordering process making it simple for both the distributor and contractor. This family is the go-to for distributors when deciding what to put into stock and perfect for contractors to grab and go and feel confident in their purchase decision.

### Features:

- Budget Friendly
- In-Stock, Readily Available
- Backed by Industry Leader in Life Safety

### Typical Applications:

Offices

Schools

Hospitality

Health Care

Multi-Family

- Up to 30' spacing
- UVOLT (120-347V)
- Available with Photocell
- Wet Location Listed

### ERE Emergency Remote Head

Indoor & Outdoor for Use as Part of an Emergency Lighting System

- Single or Twin Options
- Square or Round Aesthetic
- White, Gray or Black Finishes
- Indoor or Weather-proof options
- Wall or Ceiling Mount

# Quantum® Family

## Next Level Performance

When it comes to life safety, adequate is not enough. We know that life depends on building occupants and first responders having light in emergency situations. The Quantum® Life Safety family from Lithonia Lighting® has improved aesthetics and delivers next level performance for a wide variety of commercial indoor applications. The optical performance of the Quantum family has raised the bar for path of egress coverage and spacing, allowing fewer products to do the same job, and lowering installation time and costs.

### *Typical Applications:*

*Offices*

*Schools*

*Hospitality*

*Health Care*

*Multi-Family*
