DRIVEN TO OUTPERFORM.™

M18 FUEL™ is engineered for the most demanding tradesmen in the world. Delivering unrivaled performance in a compact structure, all M18 FUEL™ products feature three MILWAUKEE® exclusive innovations — the POWERSTATE™ Brushless Motor, REDLITHIUM™ Battery Pack and REDLINK PLUS™ Intelligence Hardware and Software — that deliver unmatched power, run-time and durability. Simply put, the M18 FUEL™ ANGLER™ Pulling Fish Tape revolutionizes the way wire gets installed as the first battery powered fish tape solution. The POWERSTATE™ Brushless Motor provides the ability to pull wire through the longest and toughest runs. This, combined with AUTO-RUN™ Powered Feed and Retract eliminates manual operation and repetitive motion for less user fatigue. The self-contained cartridge design automatically reels the tape back into the cartridge for a cleaner job site and longer lasting tape.
