Material Number NJ921AA, CS-595-YX & CS-595-YX-EC Three-Piece Bronze Ball Valve - Medical Gas, Copper Stub Ends, Bronze Trim

The NIBCO® bronze ball valve provides ease of operation with quarter-turn (90 degrees) open to close. The PTFE seat ring and brass hard chrome plated ball exhibits high chemical resistance properties and is recommended for many high pressure applications. The three-piece valve features solder end connections for easy installation. Options include NIB-SEAL® insulated handle that eliminates condensate. Please refer to NIBCO technical data sheet, valve selection guide and catalog for engineering
