

## Pliers Wrenches

Pliers and a wrench in a single tool

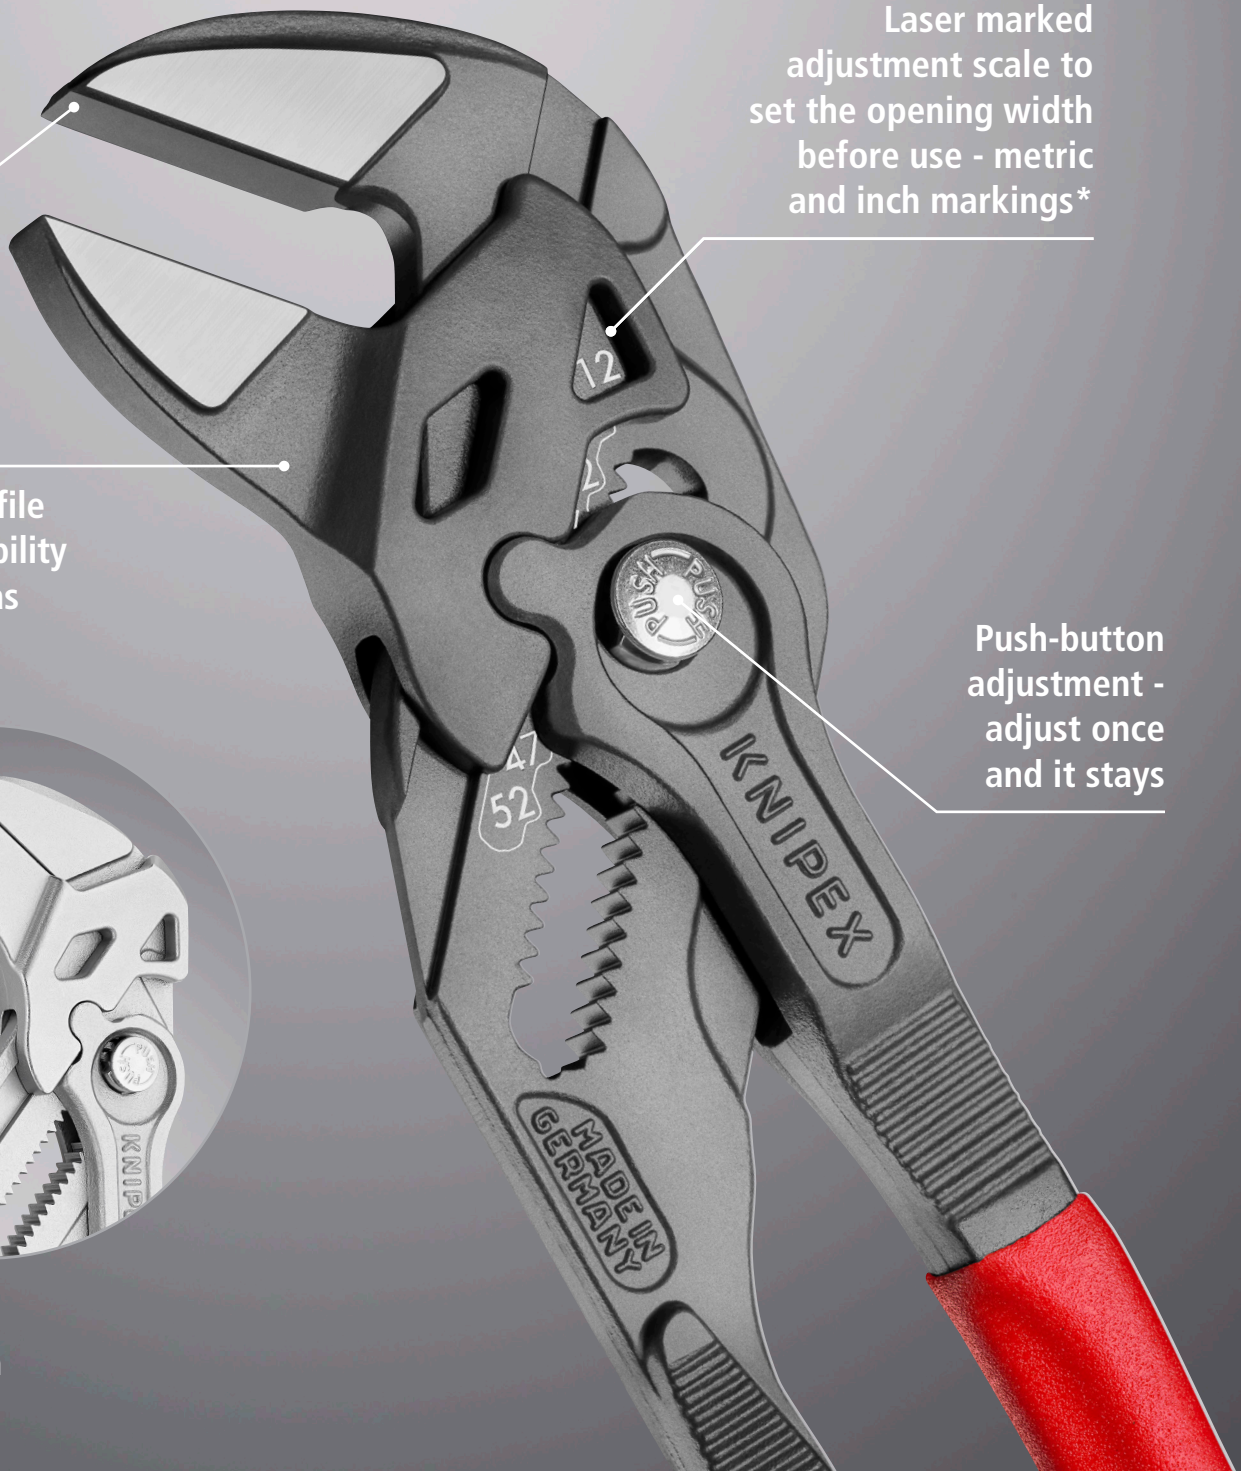

Smooth jaws won't damage chrome or soft finishes

Narrower jaw profile for better accessibility into confined areas

Laser marked adjustment scale to set the opening width before use - metric and inch markings\*

Push-button adjustment - adjust once and it stays

Now available in chrome and black finish

## Pliers Wrenches

- ▶ Pliers wrenches are available in 4" to 16" lengths with capacities from 3/4" to 3 3/8"
- ▶ Replaces a whole set of open ended wrenches - metric and inch
- ▶ Excellent for gripping, holding, pressing and bending
- > Laser-etched scale\* allows the wrench opening to be set before gripping onto workpiece
- > Cam joint evenly distributes force to the workpiece for a secure grip that is 10x your strength
- > Unique ratcheting action for extremely fast turns of nuts and bolts without having to reset the tool
- > Push-button adjustment directly on the workpiece – adjust once and it stays set
- > Smooth parallel jaws will not round off nuts or bolts, and won't damage chrome or soft finishes
- > Zero backlash jaw pressure prevents damage to edges
- > Reliable catching of the hinge bolt: no unintentional shifting
- > Chrome vanadium electric steel, forged, oil hardened
- > Now available with a black finish or chrome plating

\*The laser-etched scale is on the 7 1/4", 10" and 12" sizes only

86 04 100

86 01 180

86 03 250

86 06 250

Laser-etched scale

Smooth jaws can be applied directly to chrome surfaces

16" Pliers Wrench for large applications up to 3 3/8"
