1/4 Turn Sillcock - IPS *patented

Sizes: 1/2" and 3/4"

Description:

The nickel plated Raven Sillcock provides speed and efficiency by utilizing a reliable quarter turn ball valve. Easy on/off operation is assisted by a plastic coated handle. The Sillcock features an oversized flange to allow for a sturdy and clean installation.

Applications :

The Raven Products 1/4 Turn Sillcock will provide the benefits of the ball valve anywhere a conventional "gate valve" sillcock is required.

Models :

1165IPS

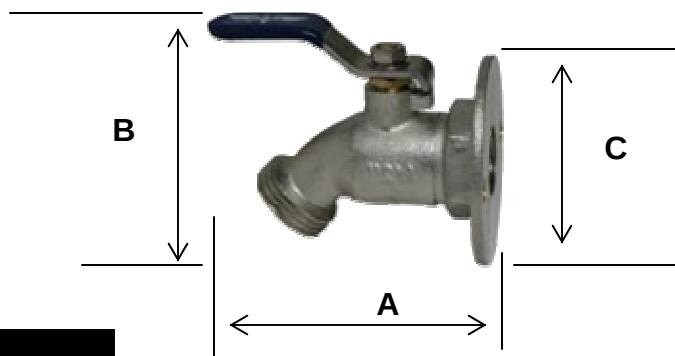

1166IPS

Features:

- Nickel plated forged brass body
- 1/4 Turn ball valve
- 1/2" or 3/4" IPS x Hose Bibb model
