Description

A breath of fresh air in electric heater design, the Stiebel Eltron CK series of wall mounted space heaters are designed to be installed anywhere quick heat is needed. They are ideal for new construction and renovation projects. For bathrooms, kitchens, bedrooms, hallways, playrooms, and garages.

The Stiebel Eltron CK Electric Fan Heater offers an exciting room heating alternative for new construction and renovation projects. The elegant surface-mount design is made to fit over existing recess-mount heaters. Pre-wired installation and quality construction, coupled with a 3 year warranty make the CK a great choice.

A built-in thermostat (with frost protection setting) allows for maximum room comfort. To top it all off, the CK features incredibly quiet operation.

The CKT models feature 60 minute timed operation.
