

Fast Trak™

**The ideal overpour installation method for
remodel and retrofit applications**

*The preformed knobbed panels make it easy
to install $\frac{5}{16}$ ", $\frac{3}{8}$ " or $\frac{1}{2}$ " Wirsbo hePEX™ tubing
for radiant floor heating systems.*

From basement remodels to new construction to retrofit applications, you can quickly and easily install a radiant floor heating system with Uponor's Fast Trak™.

Simply place the preformed panels on the subfloor or slab and snap in Uponor's crosslinked polyethylene (PEX) tubing between the knobs for a fast and easy overpour installation method.

Fast Trak Products
