

Pre-insulated piping systems

Insulation kits

All pre-insulated pipe systems insulation kits make insulated connections of single or twin-style Ecoflex pre-insulated pipe with a jacket size of 5.5", 6.9" and 7.9". The kits feature two shells, stainless-steel bolts, plastic pins and joint-sealing compound.

Note: Uponor fittings and EPDM rubber end caps are required at all ends of the piping system to ensure system integrity.

Straight insulation kits

Straight insulation kits make an insulated straight connection for single or twin-style Ecoflex pre-insulated pipe.

Part no.	Part description	Pkg. qty.	List price/ea.
1021992	Straight Insulation Kit, 5.5", 6.9", 7.9"	1	\$945.90

Elbow insulation kits

Elbow insulation kits make an insulated elbow connection for single or twin-style Ecoflex pre-insulated pipe.

Part no.	Part description	Pkg. qty.	List price/ea.
1021991	Elbow Insulation Kit, 5.5", 6.9", 7.9"	1	\$971.90

Tee insulation kits

Tee insulation kits make an insulated tee connection for single or twin-style Ecoflex pre-insulated pipe.

Part no.	Part description	Pkg. qty.	List price/ea.
1021990	Tee Insulation Kit, 5.5", 6.9", 7.9"	1	\$1,110.75

H-insulation kits

H-insulation kits allow for several options of insulated connections between four or five branches of single and twin-style Ecoflex pre-insulated pipe.

Part no.	Part description	Pkg. qty.	List price/ea.
1007355	H-insulation Kit, 5.5", 6.9", 7.9"	1	\$1,726.90
