MADE IN
U S A

SLUDGE KLEEN is miscible with any type of oil and for any type of burner.

SLUDGE KLEEN prevents and eliminates Sludge, Tar, Gum, Soot, Carbon Deposits and Rust.

SLUDGE KLEEN results in the emulsification of oil that has been contaminated with water deposits

For all grades of fuel oil, corrects & prevents clogged nozzles

Regular use of this treatment means:

- Cleaner firing
- Quicker starting
- Fuel oil savings
- Overall efficiency

This is a preventative treatment

Use one quart of **SLUDGE KLEEN** per 1,000 gallons. Pour **SLUDGE KLEEN** into the feed pipe of the fuel oil tank. It may be introduced at any time - before, during or after delivery of the fuel oil.
