

Kraftform Kompakt 28 Imperial 1, 6 pieces

Kraftform Kompakt 20, 22, 25, 26, 28

EAN:	4013288214676	Size:	150x64x45 mm
Part number:	05073241001	Weight:	189 g
Article number:	Kraftform Kompakt 28 Imperial 1	Country of origin:	CZ
		Customs tariff number:	82079030

- Kraftform Kompakt 28 Imperial 1
- Kraftform holder with anti-roll feature, multi-component, bayonet blade and bit magazine
- Adaptor bayonet with stainless sleeve, retaining ring and strong permanent magnet
- Suitable for bits with 1/4" hexagon drive (Wera connecting series 1)
- Tough viscous bits for universal use

Wera compact tools with multi-component Kraftform handle for high working speeds and particularly ergonomic screwdriving. Bit magazine integrated in the handle, for storage of 6 bits. The bayonet blade can be retracted for tight screwdriving situations. It can also be removed for machine operation. The retaining ring and the strong permanent magnet guarantee a tight fit of the bits.

Kraftform Kompakt 28 Imperial 1, 6 pieces

Kraftform Kompakt 20, 22, 25, 26, 28

Set contents:

	851/1 Z PH		
	05072070001	1 x PH 1 x 25 mm	
	05072072001	1 x PH 2 x 25 mm	
	800/1 Z		
	05072059001	1 x 1 x 5.5 x 25 mm	
	05072061001	1 x 1.2 x 6.5 x 25 mm	

	868/1 Z		
	05066405001	1 x # 1 x 25 mm	
	05066410001	1 x # 2 x 25 mm	

Kraftform Kompakt 28

The telescopic blade I

The telescopic blade II

The telescopic blade III

The sets in the series Kraftform Kompakt 28 are really something. A 2 position telescopic blade can be retracted into the handle for confined space operation or extended for more reach. It can also be removed and used as a 100mm bit holder in the power tool. Six bits are conveniently integrated into a push-button opening bit magazine.

When the unique telescopic blade is lowered into the handle, fast, easy screw-driving action is possible, even in the tightest spots!

By pushing the clamping sleeve, the telescopic blade can be extended out of the handle and the compact tool becomes a full-sized screwdriver.

If the clamping sleeve is pushed again the telescopic blade can be taken out of the handle, and be used as a machine bit adaptor.

Universal holder with stainless steel sleeve

Manual and power tool operations

Handle/interchangeable blade system

Prevents hand injuries

The retaining ring and the strong permanent magnet ensure a particularly secure fitting of the bit in the holder.

The sets come with a Kraftform handle, quick-release chuck and bits for manual and power tool operations.

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.
