

EAN: 4013288182180
Part number: 05135918001
Article number: KK Zyklop Mini 2

Size: 200x105x60 mm
Weight: 566 g
Country of origin: CZ
Customs tariff number: 82041100

- Drop-forged, full-steel ratchet design
- For screwdriving in very confined working situations
- Zyklop sockets 8790 FA for direct insertion in the Zyklop Mini 2
- Bit holder, 9 sockets, 14 bits and 1 adaptor
- In robust textile box

Ratchets and screws in a Kraftform Kompakt format. These drop-forged, full-steel ratchets, Zyklop Mini 1 and 2, combine filigree design with incredible robustness. For particularly rapid screwdriving in confined working situations. Zyklop Mini 1 or Zyklop Mini 2 can be used whenever screwdriving with power tools or conventional hand tools is unfeasible for lack of space. 1 bit ratchet Zyklop Mini 1; suitable for the take-up of bits with 1/4" hexagon head drive as per DIN ISO 1173-C 6.3 and E 6.3 and Wera connecting series 1 and 4; also possible to use 1/4" sockets by attaching the Wera adaptor 870/1. 1 socket ratchet Zyklop Mini 2; suitable for the direct attachment of Wera Zyklop special sockets 8790 FA.

The Zyklop Mini Ratchets

Zyklop Mini

For all difficult-to-access applications.

Small return angle

The fine tooth mechanism, with its 60 teeth, allows a small return angle of only 6° – ideal for precision work.

Rapid screwdriving

High working speeds can be attained with the Zyklop Mini 1. The thumb wheel is important, enabling more rapid screwdriving, and the Zyklop Mini handle only needs to be used for the final tightening of the screw.

Zyklop Mini 1

Slim design

Its slim design makes it ideal for all particularly confined working situations.

Is such a small tool sufficiently resilient?

The Zyklop Mini 1 can withstand at least 65 Nm. That is far more power than can normally be transferred to such a small tool.

What parts can be connected to the Zyklop Mini 1?

Bits and sockets. Bits can be connected directly. However, a holder can be connected first and then the bit can be attached to this. This then serves as an extension with a free-turning sleeve. An adaptor e.g. Wera 870/1 is needed for sockets – 1/4" hexagonal on a square drive (included in the Bit-Check and with the individual Zyklop Mini 1 in the set).

Zyklop Mini 2

The Zyklop Mini 2 is suitable for the direct attachment of the special Wera Zyklop sockets 8790 FA. These sockets feature a very low height, ideal for confined working spaces.
