

334/368/6 Screwdriver set and rack, 6 pieces

Kraftform Plus – Series 300

EAN: 4013288122735

Part number: 05347778001

Article number: 334/368/6

Size: 285x210x55 mm

Weight: 738 g

Country of origin: CZ

Customs tariff number: 82054000

- Screwdrivers for square, slotted and cross-recess (Phillips) screws
- Multi-component Kraftform handle for fast and ergonomic screwdriving
- Take it easy tool finder: colour coding according to profile and size
- Hexagonal anti-roll feature against rolling away
- Lasertip tips for more secure fit in the screw head

6-piece screwdriver set with Kraftform Plus handle for pleasant, ergonomic working that prevents blisters and calluses. Hard gripping zones for high working speeds whereas soft zones ensure high torque transfer. Partially Lasertip: the tip literally bites into the head of the screw and thereby prevents any slipping out of the screw head. "Take it easy" Tool Finder: colour coding according to profile and size. The hexagonal anti-roll prevents any bothersome rolling away at the workplace.

Set contents:

350 PH

05008710001 1 x PH 1 x 80 mm
05008720001 1 x PH 2 x 100 mm

335

05110004001 1 x 0.8 x 4 x 100 mm

334

05110010001 1 x 1.2 x 6.5 x 150 mm

368

05117682001 1 x # 1 x 80 mm
05117684001 1 x # 2 x 100 mm

Lasertip prevents slipping out

Kraftform Plus screwdrivers – ergonomics you can grasp. They relieve the entire hand-arm system even when used intensively. Along with other technical and product advantages such as the Lasertip for a secure fit in the screw head, Kraftform screwdrivers are the ideal choice whenever manual screwdriving jobs are concerned.

It happens time and time again that the tip slips out of the screw head when screwdriving, sometimes damaging valuable surfaces or even causing injury. The tips of the Wera Lasertip screwdrivers are microscopically roughened by means of a laser. This rough surface literally "bites" itself firmly into the screw head. Slipping out becomes a thing of the past.

Reduced contact pressure

Wera Lasertip reduces the contact pressure required and enhances force transfer – meaning less screwdriving effort is required. Screwdriving becomes safer and easier.

Prevents hand injuries

The outstanding design of the Kraftform handle that fits perfectly into the hand prevents hand injuries such as blisters and calluses.

"Take it easy" Tool Finder

Screwdrivers with "Take it easy" tool finder: colour coding according to profile and size stamp.

Identification marking

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case, or at the workplace.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.

Non-roll feature

The hexagonal non-roll feature prevents any rolling away at the workplace.
