

Hot Stick Holder, S-Hook

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. The Hot Stick Holder Module holds an 8-Foot or 12-Foot telescoping hot stick and comes with two 3-Inch S-Hooks. This will be "the Lineman's office". Bucket Work Center S-Hook modules easily connect to aerial buckets with a standard 2-Inch or 3-Inch lip.
