

## 2-Man Bucket Cover

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. The 2-Man Bucket Cover was designed to fit over the Bucket Work Center Rail System that is assembled to a 2-Man utility bucket. The Bucket Work Center easily connects to aerial buckets with a standard 2-Inch or 3-Inch (5.1 or 7.6 cm) bucket lip.
