

Product Specifications

3/8"-16 Concrete Bottom Mount Rod Hanger

Part number SSC38B
Category number 4600
UPC 781002185505

Concrete Rod Hangers are manufactured for use in concrete slabs, beams, or concrete over metal where threaded rod is intended to be suspended. These carbon steel fasteners are robust screw anchors with threads that cut deep, creating a self-tapping concrete screw that offers low installation torque. Suitable applications for use are electrical conduit and cable-tray applications, pipe hanging, fire protection, and suspension of HVAC equipment. For proper installation instructions and weight loads, reference the technical data sheet.

Physical Characteristics

Anchor Type	Rod Hanger
Thread Type	Concrete
Screw Size	1/4" x 1-1/4"
Rod Size	3/8"
Head Diameter	1/2"
Shank Length	1-1/2"
Thread Pitch/Thread Per Inch	1/4"-20
Material	Carbon Steel
Finish	Zinc Plated

Performance Data

Pre-Drill Size	1/4" ANSI
Applications	Concrete Slabs Beams or Concrete Over Metal
Special Features	Self Tapping, Unique Thread Design, Quick & Easy Installation, Hardened Carbon Steel

Packaging Details

Standard Qty	100
Master Qty	600
Price Per	100
Package Length	6.10
Package Width	4.70
Package Height	2.90
Net Weight	0.05
Package Weight	4.54

Certifications

RoHS Compliant	Yes
