The condition of the Board is now wider, and it is more than what it was three years ago. We have been able to carry out a plan that has been considered as necessary, and we are now making progress in this direction. The Secretary of the Board is busily engaged in preparing the budget for the coming year, which will be published in the next issue of the Board.

The additions to the Printing House have made it possible to print this handsome little paper in our own office, which has been done the past year. The work is more expensive than it was before, but the quality of the paper is much better. The amount of work has been increased, and the publication is now much more widely circulated.

The Board wishes to express its appreciation to the printers and binders for their fine work, and to the contributors for their generous support.

The Board is determined to continue its efforts to increase the circulation of the paper, and to improve the quality of the work. It is confident that it will be successful in its endeavors.

The Board is also engaged in the preparation of a new tract, which will be published shortly. The tract will be a valuable addition to the literature of the Board, and will be of great benefit to the cause of missions.

The Board is grateful to all who have supported it in the past, and it asks for the continued support of its friends in the future. It is confident that with the help of its friends it will be able to carry out its work more effectively.

The Board wishes to express its appreciation to all who have contributed to the work of the Board, and it asks for the continued support of its friends in the future. It is confident that with the help of its friends it will be able to carry out its work more effectively.

that the right man is at last found, who is ready to come among us, and who can also appreciate the printing of the paper in our best interests. In the case of our aggressive work— -we want not only the counsel and sympathy of the society and denomination, but also the necessary time and place for this important work to be done. Therefore, the Board can see their way clear to put the work on a paying basis. It is necessary that we should try this method. It is beyond our power to determine what any one wishes to have it. It is evident that if the Quarterly is to continue, it will be necessary for the people to show more interest in it than is shown in the first few volumes.

HOLLAND.

The aggressive work in Holland has been kept up during the last few years by the expense of the society per quarter. The first paper was published on the 27th of May and was given out by Mr. J. H. Veldhuyzen, through the medium of the Seventh-Day Baptist Church, as a premium for the sale of tracts. The object of the premium was to encourage the distribution of the works of the Church, and it was hoped that the subscribers would be willing to bear the expense of printing the paper in order to promote the spread of the truth. This, however, was not the case, and the paper was not continued for the first year, to carry out this project, $2000 is for which the society had to contribute. This amount was collected through various means, although the printing of the paper was carried on for several more years. The last issue was published in 1895, and from that time the paper was discontinued.

A new society was formed in this country, and the first meeting of the society was held in the month of May, 1896. At this meeting the following resolutions were passed:--

5. The society desires to have the Quarterly printed in the Scandinavian language, and the following resolution was adopted:--

"Resolved, That the Quarterly be printed in the Scandinavian language, and that the society give the necessary assistance in order to carry out this work."
Resolved, that when we adjourn it to meet with the Alden Church, Sixth-day in June, 1885.

The Board have been in the receipt of a large amount of subscriptions, viz.: James Genes, N. Y., one-third of his escheats to the society, viz.: James Garretson, J. F. Ellis, Geo. Green, of Ministers, Pa., all of his estate; and Geo. Hill, of his estate and send 500.

We wish all our friends that in the present year, with the active assistance of His grace, our brother, Geo. Green, of Ministers, Pa., all of his estate; and Geo. Hill, of his estate and send 500.

The Sabbath School

LESSON 14

INTRODUCTION

The first of the seven Sabbath days in the church, the "Sabbath" day, was probably the most significant event that ever occurred in the history of mankind. It is the day that man was first separated from the world, and the only day in the week that he was permitted to worship God. In the Old Testament, this day was called the "Sabbath day," and it was observed by the Jews as a day of rest and worship.

EXPLANATORY NOTES

21. And Solomon stood before the Lord in the porch of the house of the Lord, at Jerusalem, in the presence of the people of Israel... (1 Chronicles 28: 24)

The people were gathered together to hear the king's message. Solomon stood before the Lord, praying for guidance and wisdom in the construction of the temple. The people listened to his words and were moved by his prayer.
