It's fabulous Beryl..... well done. Best wishes Anne Finch (Founder, GIN UK)

I've read the book and it's made me so incensed at the treatment of the galgos and frustrated at not being able to do more. I can't believe how much information you've managed to bring together in one volume. Charl's 'Senor Galguero' completely undid me, I had to stop twice when I was reading, it reduced me to a sobbing mess - I hope she appreciates how effective and affecting her writing is. Suzie Scott (UK)

From Heaven to Hell", a MUST READ for all animal lovers and those with a social conscience. The book tells it all: real-time events and specific facts about the breed, related conditions in Spain that are not for the weak-of-heart, heroic work of volunteers, the adoption process and just about every related fact from A to Z. The author, Beryl Brennan, has hit the nail on the head with her book, telling it like it is, no punches pulled. Charles Brannan, USA

Just received my copy of your book today and it is FABULOUS! It's SO informative and well written and best of

all, to the point. I am proud to have been asked to share my story of Lucho with everyone. If everyone were to read this book, perhaps the galgos would be treated like the kind, gentle beings that they are.

This book is a must for anyone with any compassion for Spanish hounds. I now am more informed on all the politics involved with the hunting situation in Spain and feel more comfortable telling people the facts. My husband took the book to his workplace as some of his colleagues didn't understand his concern for the Spanish hounds I am pleased to say they do now!! J Deeley, UK

All my respect goes to the author " Beryl Brennan" who must have steeled herself to able to write it. The book also has beautiful illustrations and poems. Do not miss the " letter to Senor Galguero". I can only say " buy it! Read it!. and help the galgos. M Essaemaker, Belgium

I believe your book is the first ever and most thorough documentation exposing the plight of the Spanish Galgo. Anyone who loves animals must read this book.

Received your book, From Heaven to Hell, it was one of the most difficult books to read, and yet a book that I felt I HAD to read. I have loaned it out to a friend that knew nothing about the plight of the Galgos, she is having a rough time learning the truth!!! I can only imagine how draining it was for you to write, but thank you so much for making the

truth available!! Very well written. Painfully true. Thank you for all you are doing for the Galgos/Podencos. W Lacey. USA

Received my print copy and I am delighted with the work Beryl has done. Some of the content was extremely distressing and will admit to a tear or two but I am positive that this book will have an impact on re-educating Spains youngsters about these gentle creatures, the spanish galgo! 'Ode to a Galguero' by Charl also had me in tears. I imagined it all too well whilst reading it on the sofa snuggled up with my galgo. The most loyal dogs treated like vermin. Thank You Beryl.
