

Grade 1 Science

For SSC, CBSE & ICSE boards

Register to punefree.com for more offers. Email : admin@punefree.com

We are extremely glad to present these sets of questions, which are primarily prepared with the aim to expose children to various streams. Our question sets include syllabus of all boards (SSC, CBSE, ICSE), so that children studying in a particular board can have knowledge of topics included in the other two boards. These sets quite deliberately seek to open children to a wider world. They will stimulate their intellect and help them prepare for competitive exams like Olympiads. The questions are designed to generate interest and develop thorough knowledge of every topic. We sincerely hope that these question sets will guide your children to a brighter future.

We wish you all the best for a Global Career!
