## Quotes of Education

World peace and a democratic world order require good self-awareness, good mindset, good decision making, good self-control, good moral development, mutual cooperation in goodness, deliberation together without selfishness and debate when there is a problem, competing in doing good and justice, competing in upholding truth and justice, helping each other in goodness, restraining each other by not moving and being lazy to carry out military aggression, military occupation, acts of sabotage, colonialism, imperialism, radicalism, terrorism, dictatorship, greed, cruelty, violence, badness, crime or evil, misguidance, and injustice, a good and fair United Nations, a good and fair secretary general of the United Nations, fair and sovereign international government, fair and sovereign international law, fair and sovereign international law enforcers, fair and sovereign international law enforcement, a fair and sovereign international military army, a fair and sovereign international criminal courts, a fair state government, a fair state leaders, a fair state officials, a fair ministers, a fair law enforcer (fair police, fair intelligence agents, fair judges, fair prosecutors, and fair lawyers), fair military soldiers, as well as people who good, fair, faithful, pious, intelligent, and have expertise in the fields of education, law, politics, economics, social, technology, police, military, health, infrastructure development, religion, culture, and psychology. A fair, peaceful, civilized, and prosperous life will never be realized as long as there are still conflicts, wars, countries competing with each other in conquering and ruling this world, as well as people who still carry out dictatorships, cruelty, violence, badness, crime or evil, misguidance, and injustice.

## Quotes of Education

The reign of the evil people in power has come to an end. In the end, the true ruler of this world is God and those people who are good, just, faithful, and pious. That's the truth, reality, and scientific facts that must be accepted with sincerity by criminals. Don't expect you criminals to conquer and rule this world. As long as there is God and people who are good, just, faithful, and pious, then this world belongs only to God, which is dedicated to good, just, faithful, and pious people who are struggling with all their might to get to heaven.

-Satria Novian-

## Quotes of Education

Now the powerful criminals can only sit in silence and silence without making a sound because these criminals no longer have the courage to fight God and those people who are good, fair, faithful, and pious. Good, fair, faithful, and pious people now understand how to defeat criminals in a good way and permitted by God, namely

1. By becoming state law enforcers and international law enforcers (police, intelligence agents, judges, prosecutors, and lawyers), state leaders, state officials,

[Satria Novian]

ministers, secretary general of the United Nations, and members of the United Nations delegation.

2. Have high courage in arresting, prosecuting, and punishing criminals because they have known and understood that even criminals who have state power or international power are just normal human beings.

3. Good, fair, faithful, and pious people only need to study as hard as they can to have a high level of intelligence, cunning strategy in an effort to arrest, prosecute, and punish criminals hiding in government circles or government environments, and have expertise in the fields of education, law, politics, police, military, social, economic, health, religion, culture, technology, psychology, and infrastructure development.

It was clear who would win and who would lose.

-Satria Novian-

#### Quotes of Character Education

Based on truth, reality, and scientific facts, there is no intelligent person who wants to carry out dictatorship, authoritarianism, military aggression, military occupation, cruelty, violence, acts of sabotage, colonialism, imperialism, radicalism, terrorism, badness, crime or evil, heresy, misguidance, and injustice. Only stupid people and psychopaths would do such evil things. State leaders and state officials who are dictatorial and authoritarian, it is better for you to repent immediately before God's wrath and God's punishment, as well as international law enforcers and international criminal courts come to all of you. Based on truth and scientific facts, this world is not beautiful for criminals, but cruel for criminals. This world is only fair to people who are good, fair, civilized, faithful, and pious.

-Satria Novian-

#### Quotes of Character Education

If you are fasting, then all members of your body should also fast from all badness, crime or evil, misguidance, and injustice, as well as hypocrisy, shirk, and Bid'ah. Let yourself be silent or immobile and lazy to carry out dictatorships, authoritarian, cruelty, violence, military aggression, military occupation, acts of sabotage, colonialism, imperialism, radicalism, terrorism, badness, crime or evil, misguidance, and injustice, as well as hypocrisy, shirk, and Bid'ah. Make decisions by thinking critically and analytically before taking actions, talks, and activities.

-SATRIA NOVIAN-

#### Quotes of Character Education

Justice will always have a way of catching or arresting, trying or prosecuting, and punishing criminals regardless of what position and power the criminal has. On the other hand, evil, misguidance, and injustice will never have a way of defeating justice. How come? The reason is because God is more in favor of truth and justice, and God will never side with evil, misguidance, and injustice. That is the truth, reality, and scientific fact that must be accepted by all criminals including state leaders and state officials who are dictatorial and authoritarian. Justice has unlimited

[Satria Novian]

methods for overcoming evil, misguidance, and injustice. We all know and understand that God will never break a promise. Which means that one of God's promises is that there is no crime, misguidance, and injustice, as well as criminals, state leaders and state officials who are dictatorial and authoritarian who can defeat truth and justice, as well as people who are good, fair, civilized, faithful, and pious.

-SATRIA NOVIAN-

#### Quotes of Character Education

Patience in dealing with criminals means that state law enforcers and international law enforcers never give up in catching or arresting, trying or prosecuting, and punishing national criminals, international criminals, war criminals, and a dictatorial and authoritarian state leaders and a dictatorial and authoritarian state officials. Not using hatred, but using fair laws in punishing these criminals. A good war is a war against oneself. Which means silent or immobile and lazy to do dictatorship, authoritarianism, military aggression, military occupation, cruelty, violence, acts of sabotage, colonialism, imperialism, radicalism, terrorism, badness, crime or evil, misguidance, heresy, and injustice.

-Satria Novian-

#### Quotes of Education

One by one the criminals in this world began to repent because these criminals have understood very well that there is no point in continuing to carry out dictatorship, authoritarianism, colonialism, imperialism, radicalism, terrorism, cruelty, violence, crime or evil, badness, misguidance, and injustice. The day of victory for those people who are good, fair, civilized, faithful, and pious will soon come. World peace and a democratic world order are slowly starting to materialize. International law enforcers and state law enforcers must never give up in arresting, prosecuting, and punishing criminals in this world. Live truth and justice. Live world peace.

-SATRIA NOVIAN-

#### Quotes of Education

State power and authority possessed by a state leader has nothing to do with the justice possessed by God and those people who are good, fair, civilized, faithful, and pious. Indeed, the United Nations and the international criminal courts are international institutions that are sovereign in all countries and are free from obstructions and threats from any country. God and people who are good, fair, civilized, faithful, and pious will always never give up in investigating, arresting, prosecuting, and punishing people who commit dictatorships, cruelty, violence, misguidance, crime, injustice, authoritarianism, colonialism, imperialism, radicalism, and terrorism.

-SATRIA NOVIAN-

#### Quotes of Education

Based on truth, reality and scientific facts, true scum of society, true losers, true fools, true criminals, and true psychopaths are people who commit dictatorships,

[Satria Novian]

military aggression, military occupation, cruelty, violence, badness, crimes, misguidance, injustice, authoritarianism, colonialism, imperialism, radicalism, and terrorism. Based on truth, reality, and scientific facts, the true rulers of this world are people who are good, fair, civilized, faithful, and pious. One of God's promises is that good, fair, civilized, faithful, and pious people will always win, prosper, and be happy, while criminals will always lose, suffer, and despair. This world is cruel to criminals, while the world is fair to people who are good, fair, civilized, faithful, and pious. State law enforcers and international law enforcers will never give up in investigating, arresting, prosecuting, and punishing criminals in this world. The justice possessed by God and those people who are good, fair, civilized, faithful, and pious are far stronger and far higher than the state power and the authority possessed by even dictatorial and authoritarian state leaders.

-SATRIA NOVIAN-

#### Quotes of Education

It is useless for any country in the world to protect and defend criminals because now the United Nations has become more sovereign in all countries, and any country, whether they like it or not, still cannot obstruct and threaten the United Nations in upholding justice and peace, and investigate, arrest, prosecute, and punish people who commit cruelty, violence, crimes, misguidance, injustice, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism. This time, state law enforcers and international law enforcers have also been different from the past because state law enforcers and international law enforcers cannot be stopped by anyone in investigating, arresting, prosecuting, and punishing all criminals in this world. Also this time there are no more criminals who dare to harm good, fair, civilized, faithful, and pious people because justice is stronger and higher than the power and authority possessed by a criminal.

-SATRIA NOVIAN-

#### Quotes of Education

Those people who commit cruelty, violence, badness, crime, misguidance, injustice, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism have been destined by God to always be defeated, miserable, and hopeless. Victory, peace, justice, safety, prosperity, and happiness have been destined by God for those people who are good, fair, civilized, faithful, and pious. That is the provision of God's law that is essential and sovereign over all human beings. No human or criminal can protest against God's law and God's destiny.

-SATRIA NOVIAN-

#### Quotes of Education

Just let good, fair, civilized, faithful, and pious people lead and rule this world because they exist in every nation, country, race, religion, and tribe. This is also for world peace and justice together. Also so that there will be no more conflict, war, crime, badness, misguidance, and injustice. Don't let criminals lead and rule this

[Satria Novian]

world because it harms and endangers every nation, country, race, and tribe. Every country and nation in this world would agree with these things.

-SATRIA NOVIAN-

#### Quotes of Education

The criminals in this world, it's better that you all choose to surrender and repent right now because otherwise international law enforcers, international criminal courts, state law enforcers, and state courts will arrest, prosecute, and punish all of you. The criminals will never be able to win against God and the people who are good, fair, civilized, faithful, and pious. Just give up you criminals. This world and the hereafter are true and originally very cruel to criminals. There is not a single dictatorial and authoritarian state leader who can fire international law enforcers and state law enforcers. Only God and those people who are good, fair, civilized, faithful and pious can fire state law enforcers and international law enforcers. One of God's decrees, God's promises, and God's destiny, is that criminals will never be able to conquer and rule this world. In the end, the true winners are people who are good, fair, civilized, faithful, and pious.

-SATRIA NOVIAN-

#### Quotes of Character Education

Born to fight with all my might on the straight path and try my best in investigating, arresting, prosecuting, and punishing all criminals in this world.

Learn to get useful knowledge that brings you closer to God, straight religious knowledge, scientific facts, truth, goodness, justice, freedom, peace, safety, luck, prosperity, and happiness.

Live to help each other in goodness, work together in goodness, have faith, be pious, civilized, compete in doing good and justice, and compete in upholding truth and justice.

-Satria Novian-

#### Quotes of Education

When law enforcement officers arrest a dictatorial and authoritarian state leader, it is not called a coup, but rather is called the arrest of a traitor of the state. Based on truth, reality, and scientific facts, a coup is the struggle of criminals to take over the state power that has been owned by good, fair, civilized, faithful, and pious people. The true traitors of the state are people who commit cruelty, violence, crimes, badness, misguidance, injustice, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism. Intelligent people are people who do not commit cruelty, violence, badness, crime, misguidance, injustice, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism.

-SATRIA NOVIAN-

#### Quotes of Education

[Satria Novian]

Give up the criminals because no matter how strong you are even though you have thousands of nuclear weapons, you criminals will never be able to win forever against God and the good, fair, civilized, faithful, and pious people. God has unlimited power and God prefers to help and protect people who are good, fair, civilized, faithful, and pious. God has many ways to kill and torture criminals and is even able to torture criminals forever. If you criminals don't want to give up and repent then choose what way you want to be killed. Do you criminals want to be killed by an earthquake, tsunami, tornado, meteor shower, immediately uprooted by an angel of death, or do you criminals want to surrender and repent. The strongest nuclear weapons can only destroy a city and cause a tsunami of 100 meters, while God is able to destroy the entire universe and this world easily because God has unlimited and infinite power. Think carefully if you criminals still have a mind to think. The defeat of the criminals has been confirmed one hundred percent and the victory of the criminals is only zero percent, while the victory of the good, fair, civilized, faithful, and pious people has been confirmed one hundred percent and the defeat is only zero percent.

-SATRIA NOVIAN-

#### Quotes of Education

If criminals still think they can conquer and rule this world then the thoughts of these criminals based on truth and scientific facts are only the thoughts of stupid people and idiot people. Based on God's destiny, God's law, and God's promise, God will never allow criminals to torment, kill, and slaughter good, fair, civilized, faithful, and pious people. Also God prefers to kill and slaughter all the criminals in this world. State law enforcers and international law enforcers are also always diligent and never give up in investigating, arresting, prosecuting, and punishing people who commit cruelty, violence, badness, crime, misguidance, injustice, corruption, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism. God promises this world will be very cruel to criminals and all evil efforts made by criminals will be in vain. There will never be a victory for the criminals. The criminals will only accept defeat, misery, and despair. That is what God himself promised and guaranteed for the criminals in this world.

-SATRIA NOVIAN-

#### Quotes of Education

Enthusiastic all state law enforcers and international law enforcers then unite and then working together and compete in hunting, investigating, arresting, prosecuting, and punishing those people who commit cruelty, violence, badness, crime, misguidance, injustice, corruption, military aggression, military occupation, dictatorship, authoritarianism, colonialism, imperialism, radicalism, and terrorism until all the criminals in the world are extinct. For law enforcers, be the enemy in a blanket for the criminals so that the criminals are afraid and cannot distinguish which is a friend and which is an opponent.

-SATRIA NOVIAN-

The fight between good, fair, civilized, faithful, and pious people against criminals is like a game of chess. The criminals represent the black chess pieces, while the good,

[Satria Novian]

fair, civilized, faithful, and pious people represent the white chess pieces. Be happy because now this battle will be won by good, fair, civilized, faithful and pious people. Why is that? Because we all know how to checkmate the criminals in this world.

-SATRIA NOVIAN-

#### Quotes of Education

Please note that the criminals in this world originally formed the United Nations to rule this world, but now they have become a powerful weapon as well as a deadly weapon to defeat the criminals in this world. So basically the formation of the United Nations is like criminals opening Pandora's box. It also opens the way for good, fair, civilized, faithful, and pious people to realize world peace and international security. The streets built by the regime of these criminals opened the door to hell for themselves.

-SATRIA NOVIAN-

#### Quotes of Education

The United Nations is likened to criminals as criminals opening Pandora's box. The only way that criminals can survive the catastrophe is to surrender and repent. No more criminals who dare to carry out military aggression, military occupation, dictatorship, authoritarianism, colonialism, and imperialism because the United Nations is a Pandora's box that has been opened and can never be closed forever.

-SATRIA NOVIAN-

#### Quotes of Education

World peace and international security do not require nuclear weapons, chemical weapons, biological weapons, and other dangerous military weapons. World peace and international security only requires the United Nations which is sovereign in all countries and has international police and international intelligence agents, as well as United Nations peacekeepers who are sovereign in all countries without any obstacles and threats from any country.

-SATRIA NOVIAN-

#### Quotes of Education

The political game played by the criminal regime has been shattered. The geopolitical game carried out by the regime of a dictatorial and authoritarian state leader has been checkmate. So the criminals stop fighting in vain. There is no longer any hope for criminals to dominate and rule this world. God has shown desperation to criminals and do you criminals still want to fight God with good, fair, civilized, intelligent, faithful, and pious people?

-SATRIA NOVIAN-
