SHIPPING TO OVERSEAS MILITARY ADDRESSES

We appreciate our military families who serve overseas. Because the military handles the shipping, it is not traceable once it enters the military postal system and is shipped at the customer's risk.

We highly recommend that you upgrade to Priority Mail.

INTERNATIONAL SHIPPING AND HANDLING

We welcome international customers! However, we use PayPal as our secure online payment system for international orders. If you email your order, we will compute the International SH and email you an itemized PayPal invoice. Your order will be shipped upon receipt of payment.
