**CENTENE’S FLORIDA SUBSIDIARY AWARDED COMMENDABLE
ACCREDITATION RATING BY NCQA**

ST. LOUIS, (February 25, 2013) – Centene Corporation today announced that its wholly owned Florida subsidiary, Sunshine State Health Plan (Sunshine Health) has earned its accreditation status and received a Commendable rating from the National Committee for Quality Assurance (NCQA). A Commendable rating is awarded to organizations with well-established service and clinical programs that meet NCQA’S rigorous requirements for consumer protection and quality improvement.

“Achieving an accreditation status of Commendable from NCQA is a sign that a health plan is serious about quality,” said Margaret E. O’Kane, president of NCQA.

“NCQA Health Plan Accreditation evaluates the quality of healthcare that plans provide to their members,” said Sunshine Health’s President and CEO Chris Paterson. “We are very proud to have received a Commendable status, as we continuously make it a priority to offer our members the highest quality healthcare programs and services.”

In 2012, Sunshine transitioned to TruCare, a Casenet, Inc. product that further enables innovative utilization, case, and disease management integration. Sunshine State Health Plan is the first Centene health plan utilizing TruCare to achieve NCQA accreditation.

NCQA is a private, non-profit organization dedicated to improving health care quality by providing information through the web and the media in order to help consumers, employers and others make more informed health care choices.
