SUNSHINE HEALTH OFFERS COMPREHENSIVE MEDICAID, LONG-TERM CARE, AND CHILD WELFARE SERVICES ACROSS FLORIDA

FOR IMMEDIATE RELEASE

SUNRISE, FL (September, 2014) — Sunshine Health, a subsidiary of Centene Corporation, recently completed the final stages of implementation of the Managed Medical Assistance (MMA) program in 9 of 11 regions and the Child Welfare (Foster Care) program statewide. Additionally, Sunshine Health’s Long-Term Care (LTC) program celebrates its first anniversary. LTC implementation began a year ago and was complete on March 1st for the 10 regions in Florida served by Sunshine Health.

“Sunshine Health spent more than two years preparing for this exciting opportunity, focusing on a smooth implementation process and providing a seamless transition for members without disruption to their existing healthcare services,” said Chris Paterson, CEO, Sunshine Health. “We are pleased to be a part of the successful Medicaid and Long-Term Care programs.”

Today, Sunshine Health is the largest Long-Term Care plan in the Florida, providing services for more than 30,000 nursing home and home and community based members. Sunshine Health serves 400,000 Medicaid members under the Managed Medical Assistance and Child Welfare programs statewide.

“Sunshine Health provides a comprehensive health plan offering, Medicaid and Long-Term Care coverage under one Plan, across more regions of the State than any other managed care company in Florida. We are especially excited about the opportunity for Floridians to receive richer benefits with the state’s transition to managed care,” said Paterson. “As a result of the vision of the state and its leadership, members should experience better health outcomes statewide.”
