

# FASTENAL<sup>®</sup>

**StanleyBlack&Decker**

## Who can I call with Questions about DeWalt Engineered by Powers concrete anchors & approvals?

Your Regional Fastenal contact or an Anchor Specialist for your area (see map)

Or, contact your local SBD Rep—you can find them on the FNL/SBD Dedicated website at: <https://sbdsalestools.com/fastenal/>

## Where can I find technical information on DeWalt Engineered by Powers anchors?

<http://anchors.dewalt.com/anchors/>

## Where can I get tech data for DeWalt Engineered by Powers Wedge Anchors?

Powers Stud+SD1 [http://anchors.dewalt.com/anchors/documents/uploads/dw\\_sd1\\_c\\_manual.pdf?1526503534](http://anchors.dewalt.com/anchors/documents/uploads/dw_sd1_c_manual.pdf?1526503534)

Powers Stud+ SD2 [http://anchors.dewalt.com/anchors/products/mechanical-anchors/expansion-anchors/power-studplus\\_sd2.php](http://anchors.dewalt.com/anchors/products/mechanical-anchors/expansion-anchors/power-studplus_sd2.php)

## What is an common alternative to a Wedge Anchor? (for use in solid concrete)

Screw Bolt+ [http://anchors.dewalt.com/anchors/documents/uploads/dw\\_screwbolt\\_d.pdf?1526503673](http://anchors.dewalt.com/anchors/documents/uploads/dw_screwbolt_d.pdf?1526503673)

## Can I place orders for DeWalt Engineered by Powers anchors directly?

Yes. You can order through [fastenal@sbdinc.com](mailto:fastenal@sbdinc.com), or you can call DWEP Customer Service at **800-676-5754**

You can also check with your local DeWalt Factory Service Center—some have limited stock in anchors.

*\*Please note that inventory on certain skus may be limited*

## My Customer wants to talk to an Engineer—how do I contact the DWEP Field Engineer for help?

Contact the Anchor Specialist first, he will be able to connect you to the right field engineer or assist you .
