(1) The Work Order module is NOT compatible with the Premium Platform for these versions. Therefore, Purchase Agent will not read any Work Order data in the Premium platform and will use only Inventory, Sales Order and/or Bill of Material data for Purchasing Projections.			

This matrix is based upon each product individually. Compatibility with other Scanco products is referenced on our integrated compatibility matrix. Compatibility with other third-party add-ons or customizations must be confirmed individually.

NOTES:

- *“Supported”* means telephone and/or e-mail support is available for these releases.
- Compatibility is subject to change without notice.
- See our Integrated Compatibility Matrix for which products are compatible with each other.
