

Thank you for your order! I hope you have great fun building the barn and two sheds

Please don't forget to send in pics when you put it on your layout.

Remember, there are no instructions, but John has kindly done a very detailed step by step video, which is here:

And to see what they look like when they have finished, here are some pics:

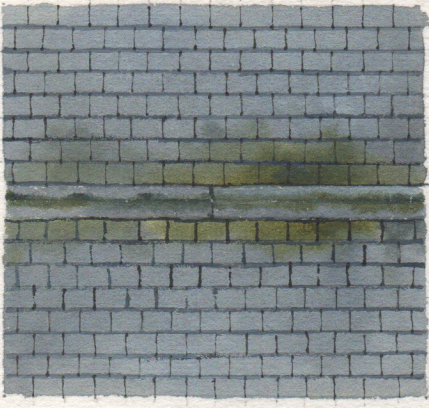

Have fun – and please do let me know how you get on!

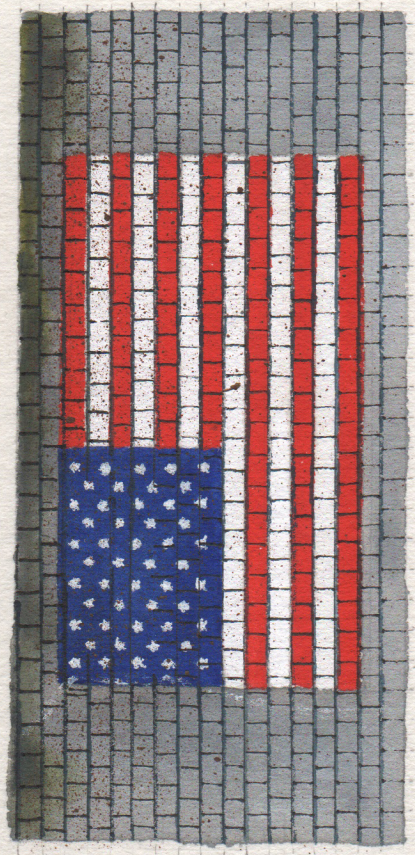

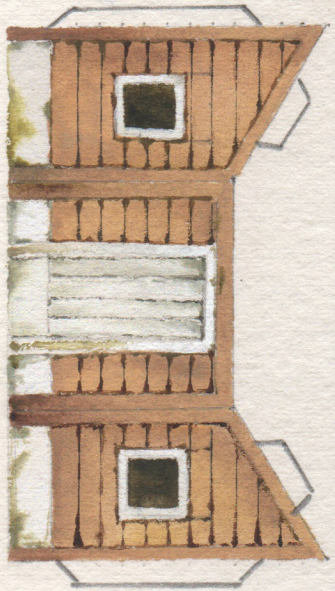

Best

Al
