HOST SITE: There was a discussion on the possibility of a one site tournament.
Consensus was that each team wanted the opportunity to host a game if possible because
of the revenue that can be made. Therefore all teams will use their home park when
designated as the home team. The exception will be teams without lights that are
scheduled to play at night. These teams will designate another DRS (Elko would be
included) site for their home game. The site chosen by the team can be reviewed and
changed at the discretion of the commissioner and 3 vice presidents. Region 3 wants to
support all DRS teams financially.

Regional Form #2 needs to be filled out and signed. Gate receipts are to be verified with
the Region representative. Each game needs to have a Region representative at the
games. The receipts and forms will need to be turned in to Jerry Walerius at the
conclusion of the play-offs.

REGION EXPENSES: The umpires are to be paid from the region gate receipts. If the
gate receipts do not cover the umpire fees, the home team will make up the difference.
Home team is responsible for baseballs and field expenses.

UMPIRES: Two umpires are needed for the region games. \$190 for two. Commissioner
will secure and schedule umpires. Winning teams need to contact Jerry Walerius with the
results. 952-913-3769(C).

RAINOUTS: Home team notifies the umpires, visiting team and commissioner at least
two hours prior to the game. More lead time if known. This should be done by phone
call. Because of some of the unknowns in this format all teams should be available to
play any day of the week to ensure its completion by August 11th.
Northwest umpires Sec. Jeff Schmit 612-418-5997.

REGION FORMAT: The format will be sent out at the conclusion of the DRS playoffs
for determining rankings and pairings.
