

THE BUZZ

Where to go, how to flow
BY ALEXIS ZIPP

HEY, MR. DJ

There's no denying DJ envy: that subtle air of jealousy that rears its ugly head during a full-on dance jam at 1 a.m. But now those dreams of standing in an elevated booth with a cocked head and a subtle bob can come true thanks to the **Scratch DJ Academy**. With veteran spinmeisters such as DJ Irie instructing courses, you'll be well on your way. First semester begins November 5th with classes on mixing, scratching, digital audio editing and production. Scratch, 642 Sixth Street, Miami Beach.
