

Grants Report

! This Faculty180 tool is only available to users with sufficient privileges. If you do not have access to the grants report and believe you should have access to the tool, please contact your unit/institutional administrator.

The grants report in Faculty180 pulls grants and funding data from faculty members' activity input form and allows users to quickly set their criteria and export reports it in easily dispensable formats.

Select the the Admin section, and then click the Reports option.

Select the Grants Report in the Activity Reports section.

Reports | Demo University

▼ Activity Reports

Profile Report	Personal information, work experience, degrees, licenses, memberships, honors, interests, biographies, and more
Activity Input Report	Teaching (e.g. enrollment, credit hours), grants, service, professional development, consulting, and more

After building a report you can dive into the data by year or unit.

In this example, the grants report is being displayed as a count. We can see that the University had a total of 6 grants in 2012, specifically from the College of Business.
