How do I create two columns on a Lessons page?

Adding two columns on a Lessons page breaks up one big block or one section into smaller pieces so that the page is more readable and flows better. It also makes better use of the white space on the page.

Adding two columns on a Lessons page involves two steps.

Decide how to group items.

Identify how you want to group the items in a section into two columns.

Click the + button.

Click the + button to the right of the item where you want to add a column break. You will see the Add menu window pop up.

View two-column layout.

You will see the items are now grouped into two columns on the page. Each is displayed as a block with rounded-corner borders.
