Tips and Tricks

Move Tool and Masks

Creative uses of the Move tool with masks.

Removing a Background from a Photo

Part 1

Part 2

Save an Image Object with Transparency

Brush and ArtSet Related

Brush Shortcuts with Only Color Information

Can I setup a shortcut brush to only save color information?

Brush Shortcuts with Different Colors

How do I setup 4 shortcut brushes to be the same brush but different colors?

Blob Brushes

The brushes used in this series of videos have been updated with Art Pro level brushes. The basic concepts are still valid but more powerful and easier with Art Pro brushes and the video on painting is somewhat different because now any non-blob brush can be used to paint color on blob objects.

Blobs : Part 1 - Introduction

Blobs : Part 2 - Adding and Subtracting Material

Blobs : Part 3 - Shaping

Blobs : Part 4 - Painting with Blobs

Blobs : Part 5 - Textured Art with Blobs

Liquid Paints

Liquid Paints : Part 1

Liquid Paints : Part 2

Art Pro - Oil Pastels

Note: This approach to using the Oil Pastels has been replaced by the by the more powerful and easier to used Brush Control system.

Art Pro - Watercolor ArtSet

Note: This approach to using the Watercolor ArtSet has been replaced by the by the more powerful and easier to used Brush Control system.

Real Watercolor ArtSet

This ArtSet is outdated and is replaced by Art Pro Watercolor brushes

Pattern Brushes

This approach is a little out of date. The Art Pro - Pattern brushes is a new better handling of patterns.
