

# Value-Based Benefits

## SERVICES FOR MEMBERS MANAGING DIABETES

**VALUE-BASED BENEFITS** cover certain **medical services and drugs at 100%** (no deductible or coinsurance) for members who are diagnosed with a particular medical condition. When a claim form or prescription is submitted, the service or medication/supply is automatically processed with **no deductible, no coinsurance, and no copay.**

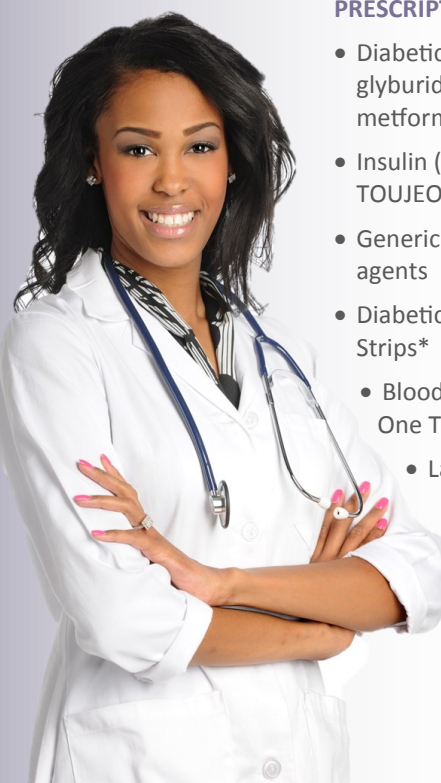

### BENEFITS FOR MANAGING DIABETES

HealthSCOPE Benefits' value-based program is designed with **your improved health** in mind. By appropriately testing, taking medications as prescribed, and seeing your doctor for medical care, you can prevent many of the complications associated with diabetes.

**Take good care of yourself and enjoy this benefit!**

## YOUR MEDICAL AND PRESCRIPTION BENEFITS
