Professional Liability Insurance

Teachers and educators are more at risk than ever to be accused of doing something harmful in the classroom. Our society has become very litigious, you should not have to face this alone and risk your entire life savings. That's **why** professional liability is a must for all employees in the education field. Liability insurance gives you that peace of mind, knowing that you'll have someone to represent you and provide for your financial needs should it be necessary.

Educators Liability Insurance

Protects you, as a teacher, in the event that a student or parent was to accuse you of such things as sexual misconduct, discrimination, injuries to students, non compliance with ADA guidelines, and more.

Professional Liability also protects you as an employee should you be involved with **wrongful termination, criminal charges, tenure or salary disputes, revocation of certification, and more.**
