

Your child has been bringing home a weekly spelling list and will continue to do so until the end of the school year unless otherwise noted in the daily take home folder. There are a variety of ways your child can study words each week and one fun way would be with spellingcity.com. Lists will appear weekly along with activities and games to reinforce the spelling pattern being studied.

Logging on to spellingcity.com

1. Click on "New to Spelling City"
2. Click on "Parents"
3. Click on "Have homework from your teacher?"
4. Click "No log in" (right hand side of screen)
5. Type Thomas Arnold Elementary in search box
 6. Click on school name
 7. Click on "Lori Barrett"
 8. Click on grade level spelling list

Your child will have an opportunity each day in the classroom to practice their spelling words but any extra time spent at home increases their chances of really learning and retaining the letters, sounds and patterns.

I hope your child enjoys these fun activities. If you have any questions, please don't hesitate to contact me.
