March 7, 2018

The recent tragedy in Florida reminds us all of the importance of safety and security in schools. We want to assure our families that our district and schools have an updated emergency operations plan that has been created in collaboration with local law enforcement. Our staff has been trained in the latest security measures and we will continue to update that training.

School safety is a team effort and it is imperative that we all work together to assure that our students are safe. At AISD, our students now have access to a hotline where students, parents and community members can report anonymously instances that they consider unsafe or to report threats. Look for the Anonymous Alerts logo on our website at www.atlisd.net or you can enter <https://www.anonymousalerts.com/atlantaisd>.

Please talk to your child and tell them to **SAY SOMETHING IF THEY SEE SOMETHING!**

In addition, we believe that student training in conflict resolution is a key to preventing violence. Each campus in Atlanta has specific initiatives in place that are built around a set of core skills: communicating clearly and listening carefully, expressing feelings and dealing with anger, resolving conflicts, fostering cooperation, appreciating diversity, and countering bias. We also want to encourage community collaboration and mentoring programs in order to help our young people learn to resolve conflict and prevent violence.

Due to the speed of information posted on social media, we ask that you contact school officials as soon as possible to ensure that accurate information is given upon receipt of any potential threat. We take all threats seriously and will act on all instances immediately.

The safety and security of our students remains our highest priority. If you have any questions please feel free to talk with your child's principal or call me at 903-796-4194.

Very truly yours,

Sidney Harrist
Superintendent
