

Message from the Principal

“Every Student Matters, Every Moment Counts”

WELCOME to the 2018 – 2019 school year! The beginning of a new school year is an exciting time for everyone and offers an opportunity for scholars, parents, and educators to commit themselves to another enriching and rewarding academic year!

We are looking forward to an exciting year of “growing minds” as we embark upon our 3rd year of TAP implementation. As we continue to learn and grow together, I am confident that we will continue to climb the ladder to success and that this year will be an extension of the enriching, rewarding, and successful school years that we have experienced in the past years. ***Remember: “Challenges are what make life interesting. Overcoming them is what makes life meaningful.” – J. Marine***

As with each year, my level of commitment to supporting and coaching staff in providing the highest quality of education for all scholars remains. We will continue to require them to meet the highest of expectations that will enable them to develop and reach their peak academic, social and personal potential. Our theme this year is ***“The Power of Not Yet: Winning with a Growth Mindset!” We will think it into existence, we will speak it into existence, we will write it into existence and we will work it into existence!!***

Please do not hesitate to reach out to me if you have any questions, concerns, and ideas that you would like to discuss. Let’s have a phenomenal school year! Working together WORKS!

Mrs. Kimberly R. Pittman, Principal

Our goal is to become a LEVEL A School!
