

Spirit Week Help-The cheerleaders approached me and would like to see more students display school spirit by participating in the dress up days offered during homecoming week. They asked if I could offer an incentive for students who participate in at least three of the five days. Of course they would like that incentive to be an extended lunch on Friday. I agreed but I need your help. Each day 2nd period teachers will need to do a quick check to see if students are participating in the spirit day. I have created a Google sheet where you need to record your students names and simply put a yes or no as to whether or not they are participating each day. You received this sheet through Google Classroom. Thanks for your help!
