

Clearwater Summer Academy

2022

Week of May 23-27

What a fun and eventful first week of the 2022 Clearwater Summer Academy! It was so good to see the students and watch them learning together, having fun, and making memories!

Weekly Highlights:

- ★ Robots during technology time
- ★ Learning new ways to solve math problems by diving into our new curriculum, Eureka Math²
- ★ Practicing and strengthening phonics, reading, and spelling skills
- ★ Reading together through fluency partners, choral reading, etc
- ★ State HS Softball Sendoff! Go Indians!

Robots!!!

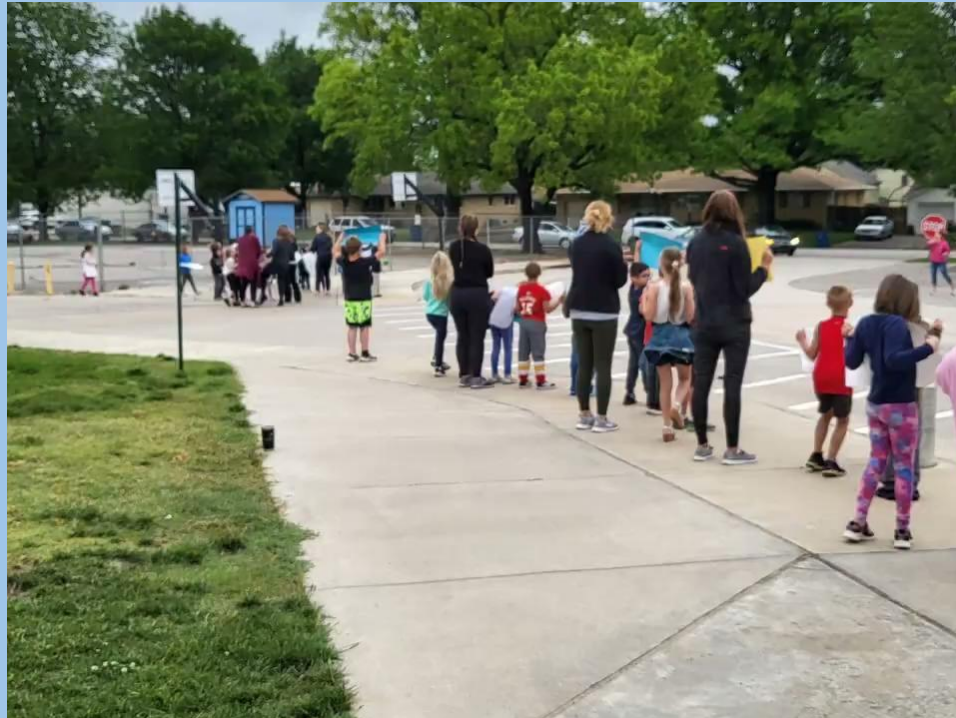

Reading and Writing and Math...Oh My!

Watch the video below to see all of the learning and fun from week one! Thank you parents for helping make this week a success!

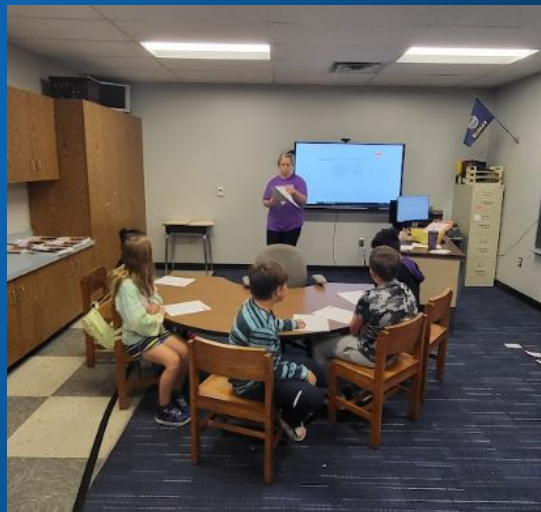

State Softball Sendoff! Good luck Lady Indians!

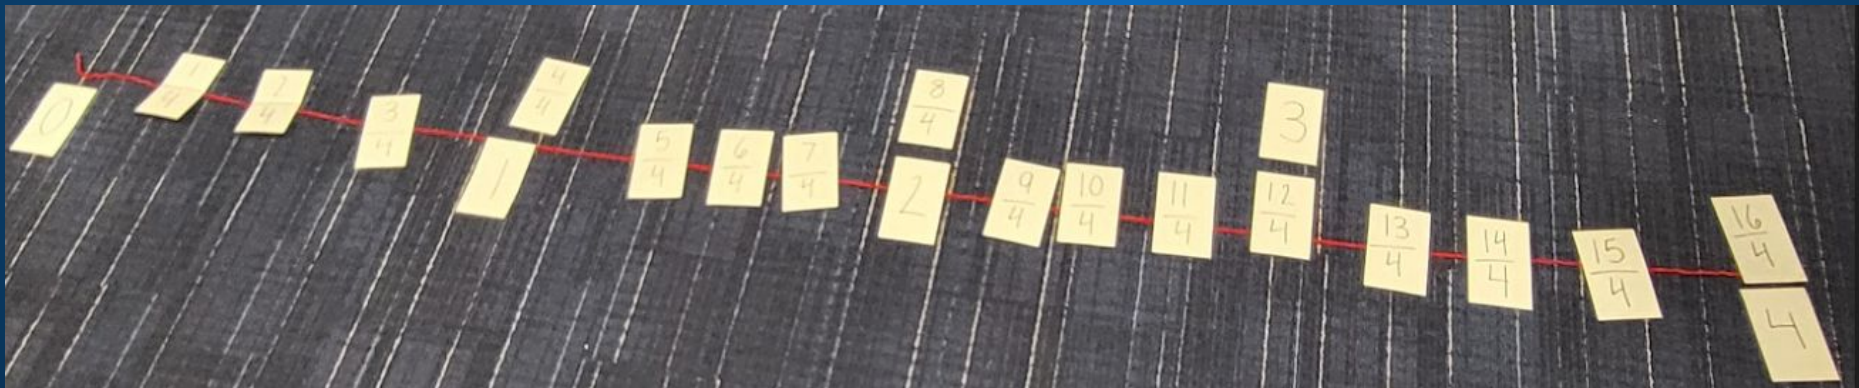

Week of May 31- June 3

Week 2 of Summer Academy has been another success! The students have continued to gain confidence and deepen their understanding of math concepts. They are seizing multiple opportunities to read and collaborate with classmates. The fun continued with the robots in technology time. The kids finally got to get outside and enjoy the sunshine this week too!!!

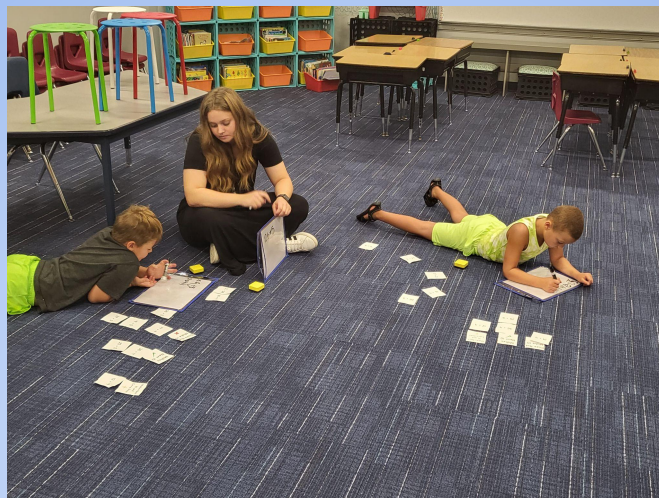

(If you cannot get the video to play, please check your email for a link I sent that hopefully you are able to view)

Week of July 25- July 29

Welcome back to Week 3 of Summer Academy! Hopefully all of the students and their families found time this summer to relax and enjoy themselves. We are so excited to see the students back in the building and having fun while learning! It is hard to believe that school will be back in full swing very soon!

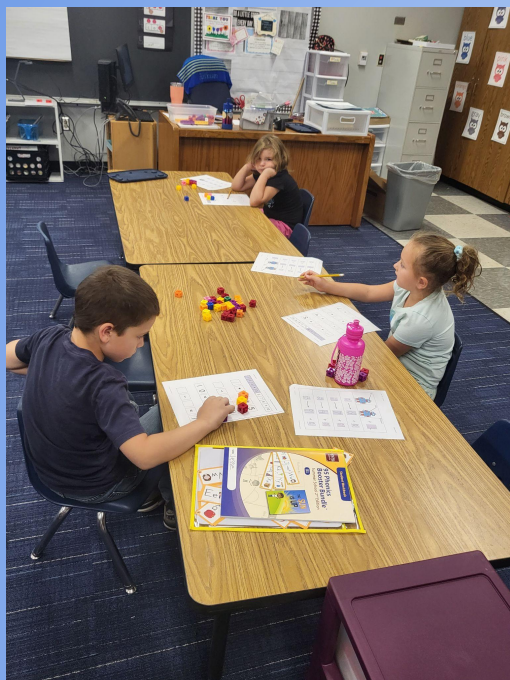

Weekly Highlights:

- Hot Wheels races in technology time
- Fractions!!!
- Dance breaks!
- Exploring patterns in math facts
- Reading and understanding the parts of multisyllabic words

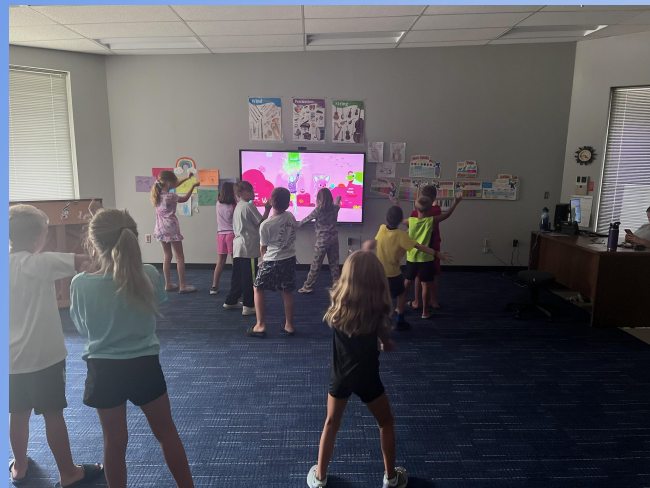

Math

Reading and Math

Dance Party!!!!

Hot Wheels!!!

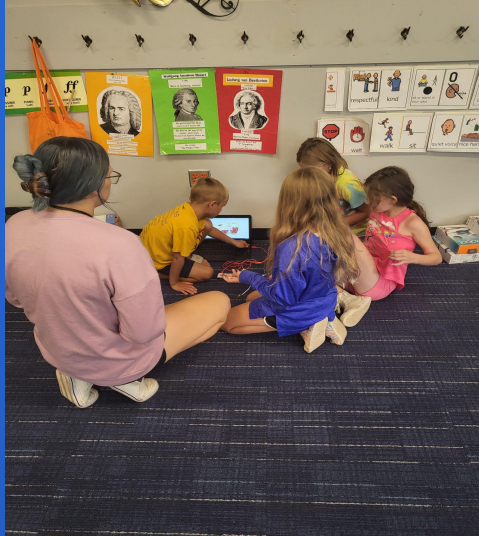

Let's Race!

Week of August 1- 5

This is the 4th and final week of the 2022 Clearwater Summer Academy! The students have been amazing and we are all so grateful for the opportunity to work with the students and help them grow and learn during their summer break! This week in technology, the students explored Makey Makey circuit boards to convert everyday objects into computer keyboards. Some groups also learned how to program the robot mice. The students wrapped up their math and reading units and had the opportunity to show their growth through weekly and pre/post assessments!

Robot Mice

Happy 7th Birthday Finlee Brady!!!

**A special THANK YOU to all of
the students, parents, and staff
members that made the 2022
Clearwater Summer Academy a
HUGE success!!!!**

See you all on August 18!
