3.0 Kansas Can (School Accreditation System) Review

Background

Next year school district will be entering the Kansas Can Accreditation System. There are several components to the accreditation process with the school district “Results” being a major component. The Results are:

- Social-Emotional Factors Measured Locally
- Kindergarten Readiness
- Individual Plans of Study
- High School Graduation
- Postsecondary Success

We have begun working on some of these (i.e. Individual Plans of Study Committee was approved last year). The one area we didn’t have much information on was Kindergarten Readiness. I would like to talk briefly about this “Result Area”.
