November 12, 2018

Dear Parents,

You should have recently received your child's OSTP test results for the previous 2017-2018 school year in the mail.

Our state has designed a tool called the Oklahoma Parent Portal. The portal will provide students and parents with online access to student's state assessment scores. It will also assist a student and his or her parents/guardians with tracking assessment information throughout the student's academic career. The portal provides scores from the OSTP 2016-2017 and 2017-2018 assessments.

This portal can be accessed at the OK Help and Support Site:

<https://oklahoma.onlinehelp.measuredprogress.org>.

You will need your child's date of birth and the STN (Student Testing Number) or State ID before you begin. You can find the STN or State ID on the recent test results that you have received. If you are unable to locate this number, you may contact me or your child's school to get their STN. Under the **portal guide tab** there will be a Parent Portal Guide to assist you with instructions on how to set up a login.

Under the **training tab** of the Help and Support site, please select training presentations. This Parent Portal Training video that is very helpful on how to navigate through the portal.

As always, please feel free to contact me with any questions you may have or should you need help in setting up login credentials.

Sincerely,

Bobbi Fuchs
Counselor
Cement Public Schools
