# A Review Of The Year

What an interesting year of dramatic contrasts! Inflation went down, but double digit unemployment played havoc with many lives. The local agricultural economy saw depressed farm prices and an extremely wet growing season. Sports fans enjoyed a topsy-turvy World Series with the St. Louis Cardinals emerging as victors. Movie fans were inspired by the theme song of "Rocky III". The football strike changed the habits of many sports fans on Sunday afternoon and Monday Night.

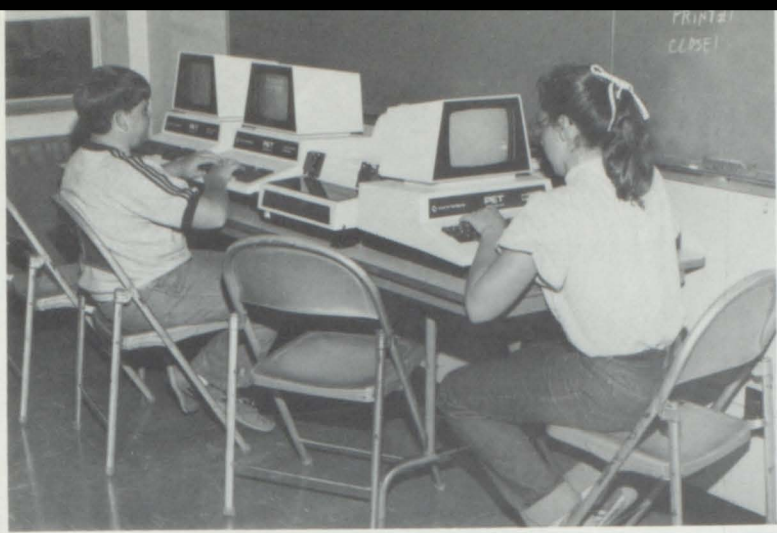

The Tylenol scare frightened the general public. The "off year" elections showed mixed reaction to the Reaganomics. "Jobs" became a major issue. Most citizens were greatly relieved after November 2 when they no longer had to listen to or watch political commercials.

Video addiction was especially evident in the arcades as Pac Man and Donkey Kong reigned supreme, consuming both opponents and operators' quarters. Spielberg's E.T.'s quest to "phone home" captured the hearts of the biggest movie audience ever. The movie "Gandhi" and the message of non-violence made its impact. Many music fans enjoyed Alabama's "Mountain Music," along with many other songs.

This year's fashions "kicked" with such styles as ruffled blouses, straight legged pants and the popular prairie skirts and petticoats that created the "country look". Jeans with well known designer names were an "always" favorite. Concert shirts were "tough" along with Nike tennis shoes. The guys wore jeans with assorted hind pocket designs, oxfords and polo shirts. Permanents "covered" many heads of both gals and guys. Fads "hit" the scene with friendship pins and crazy shoestrings. Smurfs and Garfield the cat were favorites on notebook covers. Fads came and went, but genuine fashions stayed for awhile.

These pictures show many people being themselves.

## Logizomechanophobia

Some people in our society have the condition of logizomechanophobia which is a technical name for the fear of computers. Concordia Junior-Senior High staff members work to dispel that fear. Here Jolene Cassel and Jeff Bray of the Computer Generation are acquainting themselves with the Silicone Society wonder, microchips and programming statements.

This year students were particularly fond of decorating lockers, going beyond the bare essentials such as books, jackets, etc. Some added personalized touches. Interiors included such items as brightly painted milk crates, wrapping paper, contact paper, photographs, carpeting, etc.

# Students And Alumni Love The Panthers!

## Felis Concolor

The staff did a little research on the technical scientific name for panther. Biology teacher, Mr. Ron Shipman helped with the correct nomenclature. The **Audubon Nature Encyclopedia** gave **Felis Concolor** as the name for the panther, cougar, painter, mountain lion, puma, and a catamount (sometimes called a catamountain). Some authorities also recognize the name **Puma Concolor** for this group of animals.

## Concordia Community Pride And Progress

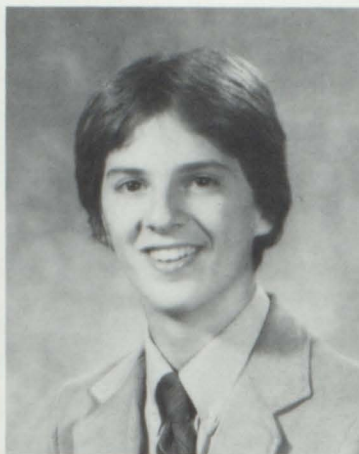

Concordia is an agricultural shopping center nestled in the Republican River Valley in North Central Kansas. This heartland is much like Willa Cather described in her prairie novels, especially **My Antonia**. The grain elevators provide a skyscraper effect as they tower over the rolling plains. The trademark of the community consists of pride and progress. The Chamber of Commerce slogan is "Small Enough to Know You But Big Enough to Grow".

 No Team Scores

The 1982 Cross Country season highlight was Deb Whitney setting a new school record. She finished second in the league and tenth in the state with a time of 12:40

Coach Pounds felt the young boys had a very successful year. He is looking forward even more to next year. The squad will lose two seniors, Todd Funk and Roger Barton who displayed fine team leadership.

NCKL honors went to Nels Peterson seventh, Tom Haist ninth, Roger Koester tenth, Deb Whitney second and Dawn Baumann twelfth.

The tennis highlight this season was the trip of Buffy Brummer and Jill Houser in doubles to the state tournament, and finishing among the top eight. The entire tennis team earlier finished fourth at the NCKL meet and second at regionals. Coach Montoya said it was an "outstanding year" which involved 23 girls. The B team had an excellent season, indicating the depth and prospects for next season.

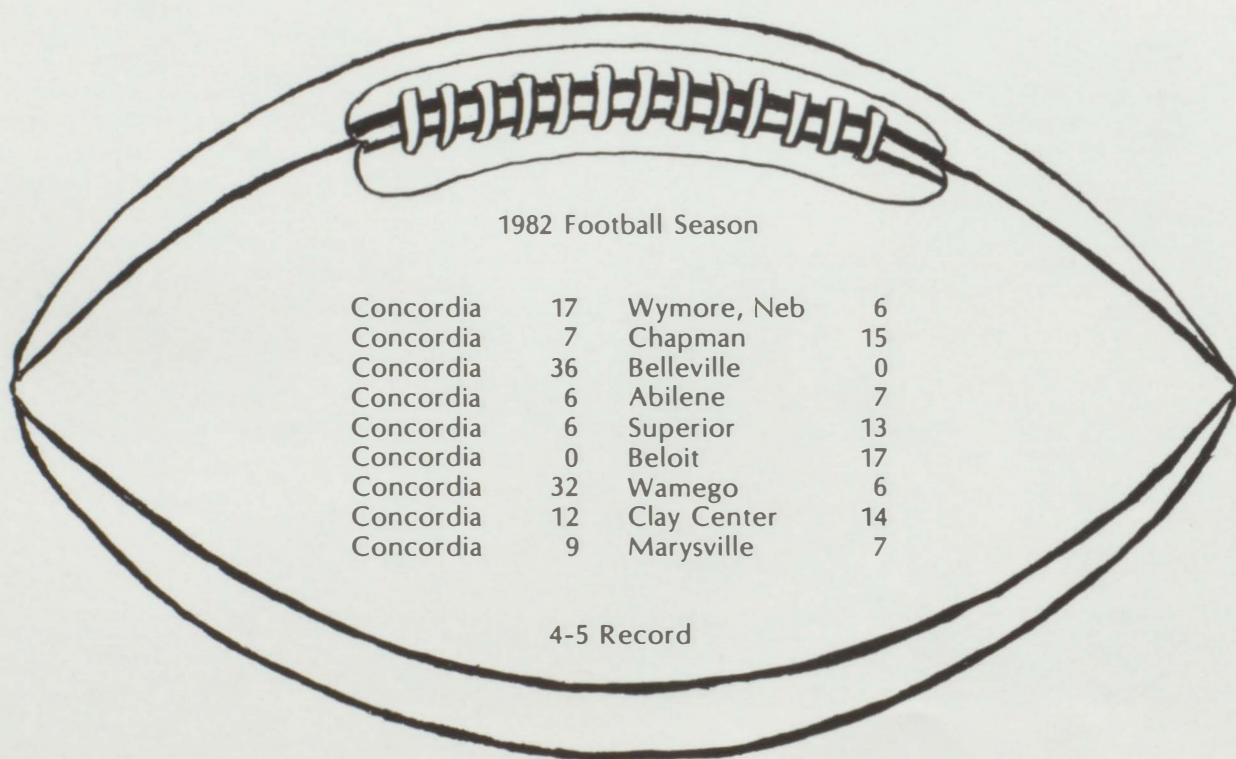

# Football Team Demonstrates Character

The 1982 gridiron season was difficult to assess. Despite a 4-5 record, the Panthers were extremely competitive. It was a season of bad breaks, wrong bounces and occasionally inclement weather. In spite of adversity, the team remained poised and loyal till the final gun. At the end of the season the Panthers came up six points short to qualify for the regionals.

Concordia High did quite well with individual honors, placing 11 players. The NCKL All league team for defense included linemen Curt Champlin and line backer Brad Simpson. On offense were split end Terry McCarty, running back Nick Budreau and quarter back John McDaniel. Honorable mention on defense went to line backer Nick Budreau, lineman John LaBarge, end Pete Beaumont and back Floyd Turner. On offense were tackle David Clintsman, center Tom Richard and tight end Tal Matthes.

John LaBarge won the Keith Christensen Outstanding Lineman award.

# Catching Spirit During Homecoming

## Forty-Fifth Event

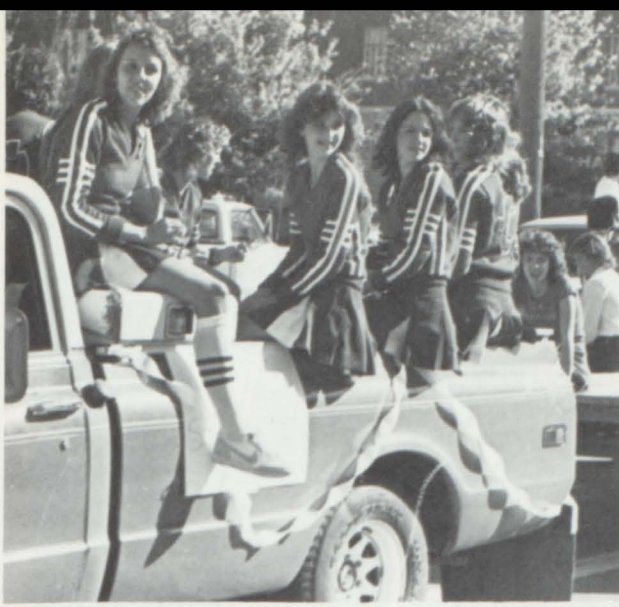

Just when the school year became a routine, the special traditional Homecoming week came along. It was a fast-paced week of hard work, excitement, fun and plenty of Panther Spirit. It all began when the student body nominated five senior girls for Homecoming Queen. After this the competition for the Spirit Stick began in earnest. Tuesday was Fifties Day, Wednesday Western Day, Thursday Preppie Day and Friday Red Day. Class members participated by wearing appropriate clothes and hoped it would help the class to win the spirit competition.

Homecoming was also hard work. Each class built a float for the parade down Main Street. These class floats entered competition as well as the club floats and decorated cars. The seniors won.

All this excitement climaxed Friday afternoon and evening, October 15. The 1982 Homecoming Queen was Dana Skeels. The class of 1983 won the Spirit Stick. Float judging and the downtown parade followed the special afternoon assembly. The football game score was 17-0 in favor of Beloit. The whole week concluded with the Homecoming Dance.

# Panthers' Effort Captures Third At State!

SQUAD MEMBERS Front: Manager Jona McDaniel, Diane Gieber, Robin Jones, Melinda Girard, Pam Maginness, Buffy Brummer, Dana Skeels, Judy Ramsey. Back: Coach Dick Switzer, Deb Whitney, Andra Watts, Colleen Butler, Jody Bramwell, Amy Jochems, Denae Stensaas, Susan Butler, Coach Jay Detter.

Coach Dick Switzer expressed satisfaction with the girls basketball season. "It was a most enjoyable year. The girls worked hard and deserved to be successful because of the effort they made."

The girls enjoyed a 19-6 season, capturing third at state, beating NCKL rival Marysville in the finals consolation game at the Salina Bicentennial Center. Earlier the Panthers tied for third in the NCKL with a 8-4 league record. The girls in January took first for the second consecutive year in the Minneapolis Invitational.

Team members did quite well with honors. Denae Stensaas was named to 4-A All-State Teams in the **Topeka Capital Journal** and the **Wichita Eagle-Beacon**, the **Salina Journal** All-Area Team and the Minneapolis Tournament Team. Jody Bramwell also placed on the Minneapolis Team.

## Wrestling Match From Two Viewpoints

### Mother And Son

Both the parents and competitor are often totally involved in an athletic event. Here school nurse Nancy Champlin watches anxiously as the clock ticks off the final seconds. Son Curt comes off the mat almost too exhausted to show any emotion but fatigue. Deep inside is the real joy and satisfaction with a job well done. This close and crucial decision won the match for Concordia against Clay Center on December 9.

## Nick Budreau Wins State Championship

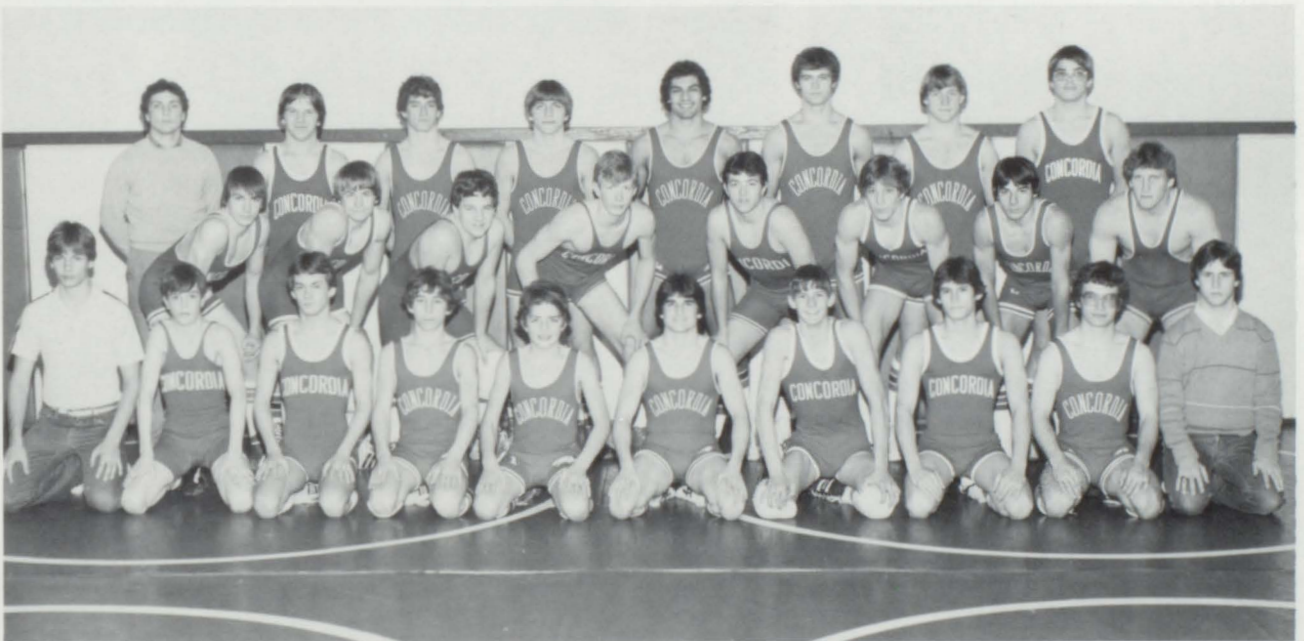

Coach Doug Moore in his analysis of the wrestling season described it as one of determination. "We began the year rather slowly, but with hard work and a 'never die' attitude, we came out league champs, regional champs and placed tenth in state."

Nick Budreau's state championship at 155 highlighted the season. Tom Bieker at 145 placed fourth at state. Terry Lambert at 138 won three matches. Curt Champlin in his first year of wrestling made it to state.

The season match record was 7-4. The Panther 5-1 record in the NCKL qualified for co-championship. The grapplers went on to win first at regionals, fifth at sub-state and tenth at state.

In review, the wrestling squad improved significantly as the season progressed. Using a current slang expression, the wrestlers' competitive spirit went "to the max" at the season's conclusion. Nick Budreau set the best over-all school record at 77-27-2.

# Warmth Sets The Winter Sports Festival Scene

## King Curt And Queen Janet

The week-long winter thaw melted the big drifts of the Blizzard of 1983. The afternoon pep rally skit on Febr. 18 predicted the outcome of the WSF basketball games. The entrapped Panther by means of a clever trick turned the Clay Center Tigers into melted butter for his pancakes.

The girls in a close game won 43-36 in overtime. The boys won easily 74-46. The wrestlers at Sub-State at Phillipsburg Saturday placed four individuals into state competition.

The student body elected Janet Christian Queen and Curt Champlin King. The juniors, the Class of 1984, won the Spirit Bell. In the spirit competition this class demonstrated leadership on Clash Day Wednesday, Concert T-Shirt Day Thursday and Dress-Up Day Friday.

The band Xenolith played at the WSF Dance Friday night in the old gym. MC StuCo president Deby Hull and Sports Club president Alice Demanett conducted the coronation ceremony between the varsity games. All in all, it was a week that gave students a respite from the doldrums of a cloudy, foggy winter.

## "Aunt From Brazil Where Nuts Come From"

"Charley's Aunt" is set in the 1890's in England. The comedy is about three college boys who are vying for their sweethearts' love. One of the boys dresses as Charley's aunt, a "pious fraud", in order to deceive the girls into thinking that the young men are chaperoned. Problems arise when one of the young men's father makes a marriage proposal to Charley's aunt. Eventually, matters are resolved. To some degree there is a plot parallel to the current movie *Tootsie* and Dustin Hoffman's portrayal.

# Prom Features Moonlight And Roses Theme

The 1983 Junior-Senior Prom on May 7 again featured a banquet after a 15 year absence. Later students danced as DJ Tony Dillehay of the Knights of the Turntable spun records for the crowd. The junior class decorated both the dining area and the dance floor under the sponsorship of Mr. Ron Shipman. All in all, it was a memorable night for many.

## Golf Team Takes Fourth At State!

At State in Wellington Concordia tied Maur Hill for third in regulation play. The rules allowed for a play-off by the fifth man, which Maur Hill won. At 4-A State Kevin Meyer took third individual high with 76. Scott Hofer was ninth with 79.

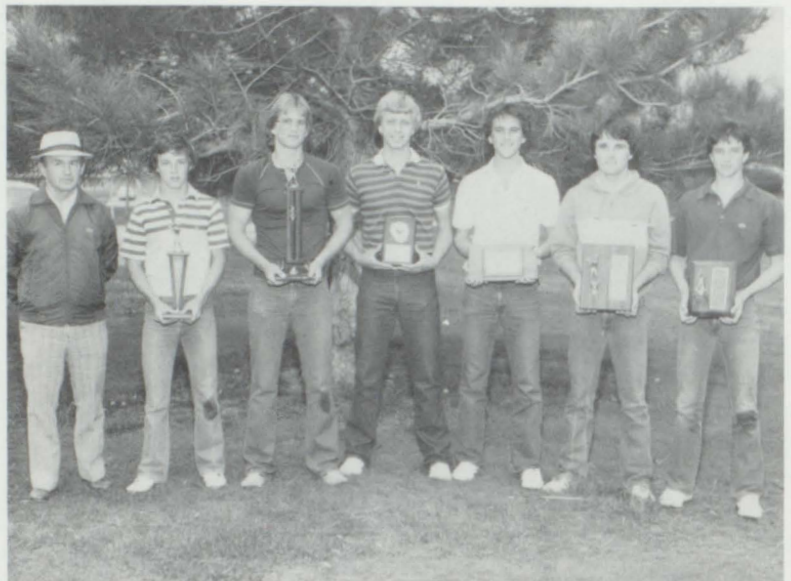

At regionals in Ellsworth and at NCKL in Abilene Concordia won first as it had won at earlier tournaments at Wamego, Abilene, Beloit, Chapman, Belleville, Concordia and Clay Center.

Coach George Meyer described the 1983 as the finest golf team at Concordia. He cited their undefeated regular season play, their NCKL and regional championships. Meyer also pointed out that CHS won the individual medalist in nine of ten tournaments.

## Super Snow Woe

Many will long remember the blizzard of 1983. The snow began Sunday January 30 as residents huddled around their television watching Football Superbowl XVII in which the Washington Redskins beat the Miami Dolphins 27-17. MVP halfback John Riggins, whose family roots trace to Jamestown, stole the show.

Throughout the night eight inches fell. On Tuesday the storm took a dramatic turn for the worse. The prolonged snow produced a 15 inch cover with considerable drifting in the country. USD 333 schools were closed a record three days February 1-3. The winter-weary residents shoveled and moved snow to regain contact with the "outer world" and to overcome cabin fever.

The winter scenes are around school and at the Frank Carlson Library downtown.

## A Man Of The People

Concordia's Senator Frank Carlson served the public for 40 years. His political service, starting in 1929, included six terms in the U.S. House of Representatives, four years as Governor of Kansas and three terms as U.S. Senator from 1951 to 1968. He and his wife Alice have spent their retirement years here. On January 23 he greeted 500 well-wishers on his ninetieth birthday at the city library named in his honor.

# Thank You, Senator Carlson!

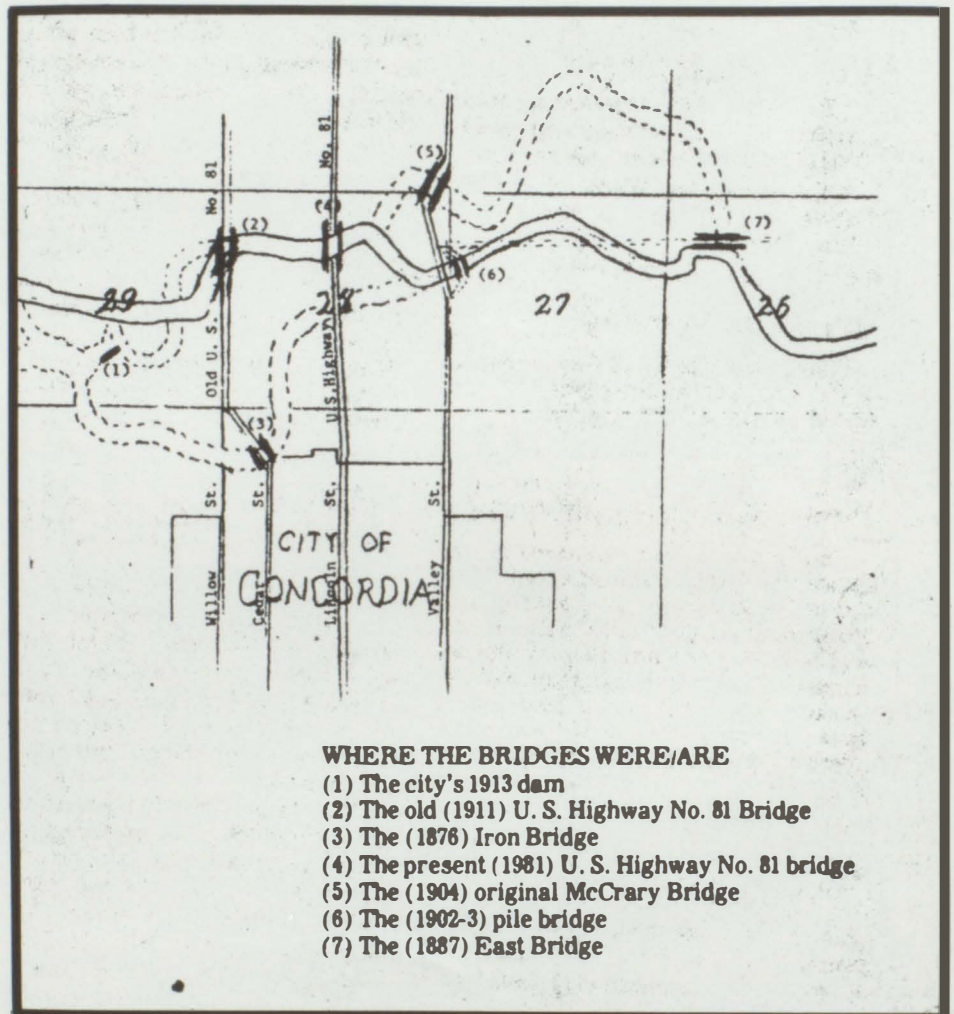

# Eighth Republican River Bridge In 106 Years

Top Left: This seventh bridge served travelers on US81 from July 1, 1935 to Nov. 30, 1982, some 47 years. The picture is courtesy of Bernice Butler.

Top Right: The eighth bridge opened to traffic Nov. 30, 1982. This more stream-line design structure cost \$3,034,000.00 and took more than a year to construct.

The map on the right appeared in Clarence Paulsen's column "Trivial History of Concordia and Environs" published in the **Blade-Empire**. The changing river course almost fits the well-known Simon and Garfunkel's "Bridge Over Troubled Waters."

# School Improvements This Year

Again this year Concordia Junior-Senior High made significant improvements. The science rooms enjoyed a major renovation. Athletes could now also enjoy spacious, attractive locker-rooms. Both sets of facilities have a modern clean look.

The swimming pool and the basement back hall enjoyed a new facelift. Trucks unloaded needed additional gravel and crushed rock in the parking lot south of the main high school building to give it a solid base.

The cafeteria added a fourth lunch menu choice. Many students daily enjoyed this hamburger and French fries choice.

The staff continued to help students enter a job market using computer technology. Both junior and senior high computer rooms, having a total of 17 microcomputers, provided students with a distinct advantage. A number of staff members took computer literacy courses in order to be current on trends and developments in the field.

All in all, Concordia High again displayed two of its traditional characteristics- PRIDE AND PROGRESS.
