

General Education Intervention Form

Permission to Participate in Speech Improvement Sessions

Speech Improvement Sessions are offered to students with mild speech differences that affect the way they produce specific sounds.

The Speech Improvement Sessions are offered to general education students who have speech differences that do not significantly affect communication, self-esteem, or educational achievement. The sessions are offered weekly to students individually or in small groups.

If you have any questions, please contact the Speech-Language Pathologist at your child's school.

Detach and return the permission slip to your child's classroom teacher. The Speech-Language Pathologist will provide you with the day(s) and time(s) of your child's sessions.
