REQUIREMENTS FOR SCHOLARSHIP RECIPIENTS

The student is required to maintain at least a 3.0 grade point average on not less than 12-college (degree) credit hours per semester. *(clock hours must be approved by the Trustees before enrolling in any clock hour classes.)*

College credit hours are hours earned and credited toward the student's degree.

Classes bearing a class code beginning with "0" are termed as support, remedial, developmental, etc. These classes do not count as college credit hours. If you are enrolled in any class with a class code beginning with "0", be sure you are enrolled in 12 hours that are credit hours, or **100** or above level classes for which a grade will be received.

An OFFICIAL, CERTIFIED grade transcript is required at the end of each semester that the student receives the award, regardless of the grade point average earned for the semester. This applies to the semester of the student's graduation, also.

A CERTIFIED copy of the enrollment/class schedule for the current semester is required. The class schedule printed from the Internet is acceptable **ONLY** when a signed letter from the registrar supports it.

A CERTIFIED copy of the fees paid receipt showing the fees paid information for the current semester or that a payment plan has been worked out is required at the beginning of each semester. A signed letter from the cashier is acceptable.

THE NAME of the STUDENT and the NAME of the INSTITUTION the student is attending must appear visibly on each required document.

ALL of the THREE required documents **MUST** be received by the R. E. French Family Educational Foundation before the award check is issued to the student for any semester. And, they **MUST** be received by the Foundation by **FEBRUARY 28th** for the Spring Semester and

OCTOBER 15TH for the Fall Semester **each year**. The scholarship award check will not be issued to the student until all proper OFFICIAL, CERTIFIED documents have been received. The scholarship award check will be issued in the student's name and sent to the home address. Only upon request, by the student, will the scholarship award check be sent to the student's college address. **It is your responsibility to keep us informed of where you want your scholarship award check sent.**

COMMUNICATION is **VERY** important. Unless the student communicates with the Trustees of the Foundation, the Trustees do not know that he/she is experiencing difficulty. The difficulty might be acquiring the proper documents to receive the scholarship award check, enrolling in and finishing the required number of credit hour classes in any semester, illness, family situations; whatever might arise. **Any student in good standing that communicates his/her progress and keeps the Trustees informed of his/her graduation date will be assured of the retention of his/her scholarship status through his/her final semester.**

The scholarships are **CONTINUING**, consecutive semester, **SCHOLARSHIPS**. The original amount is available to the student each semester he/she continues his/her education as a full-time student and maintains the academic standards set by the Foundation. This includes not only two and four year degrees, but the pursuit of degrees to other fields, such as medicine, law, etc provided that the student continues in the graduate program in the semester following graduation from the undergraduate program. The student must receive approval from the Trustees prior to entrance into the graduate program to retain scholarship status. **INTERNSHIP** and **STUDY ABROAD** participation **MUST** be discussed with the Trustees prior to entering the program to retain scholarship status.

CHANGING SCHOOLS/MAJORS When a student makes a decision to change schools and/or majors, it is required that the Foundation be notified promptly, giving reasons for such changes. The Trustees will evaluate the validity of the change(s) and determine the student's eligibility for continued Scholarship support.
