

Arkansas Comprehensive School Improvement Plan (ACSIP)

2019/2020 School Year

- In an effort to continue our school improvement success, each campus has a school improvement team (per policy 5.4) Both campuses chose the following indicator for the District. Both campuses have their own more intensive School Improvement Plan and Team.
ID10 The Leadership Team will regularly look at school performance data, aggregated classroom observation data, and surveys, and use that data to make decisions about school performance and professional development needs for each campus.
- In an effort of supporting and improving campus autonomy, each building administrator has had their fall budget meeting and received their campus budgets for federal, state, and district funds. Monthly reports will be generated and presented to each campus for ongoing monitoring of expenditures for school improvement.
