*FAFSA

www.fafsa.ed.gov After your parents file their 2016 taxes, you will need to go to this website and fill out this application. This tells you if you are eligible to receive PELL money from the federal government. PELL is like a scholarship, it doesn't have to be paid back. However, it all depends on your parents income if and how much you get. On this site, you and your parent will have to register for a PIN number. If you have an older sibling(s), your parents may already have a PIN.
