

## **August 2020 Positive Covid-19 Case Updates**

The Camden Fairview School District Administration has been informed that an employee of the Camden Fairview Middle School has tested positive for Covid-19. The Administration followed the response protocol issued by The Division of Elementary and Secondary Education (DESE) and contacted the Arkansas Department of Health (ADH). We are currently in the process of notifying those who may have been in “close contact”. The district is taking active measures to deep clean and disinfect the facilities appropriately. For the privacy of our students and staff, the Camden Fairview School District cannot share personal information regarding this case. The school district has followed the procedures outlined by the Arkansas Department of Health and remains steadfast in our commitment to the safety of our students and staff.
