# South Conway County School District

*To Love, To Serve, To Care, Today!*

April 10, 2019

Dear Parents, Families and Community Members of the South Conway County School District:

Every year, each public school and district in Arkansas receives a Report Card. Just as each scholar's report card shows his/her progress in specific subjects, the School Report Card shows how our schools are performing in different areas. This user-friendly information will be available at <https://myschoolinfo.arkansas.gov/Districts/Detail/1507000> beginning Monday, April 15<sup>th</sup>.

The goal of the Report Card is to provide transparent and accessible information to parents, families, and the community all in one place. It provides a holistic way of looking at school performance, by providing information on scholar achievement, growth, graduation rate, teacher quality, school environment, and so much more. The Report Card has been improved by the addition of more subgroups of scholars, such as scholars in foster care and scholars with parents on active military duty, to ensure that every scholar is considered in school planning efforts.

We know that the report card is just one of many ways you will engage with us at the South Conway County School District, and we are grateful for your continued support.

Parents, families, and the community are all valuable partners in the success of our scholars. As you read the School Report Card, consider how our schools are doing in each indicator and get a sense of where our schools are strong and where our schools could engage in specific efforts to improve so that each child is succeeding at the highest level. We, along with the Arkansas Department of Education, have high expectations for "leading the nation in scholar-focused education," and we look forward to working together toward that vision each day.

If you have questions about the Report Card, please visit the My School Info website <https://myschoolinfo.arkansas.gov> to find more information, definitions of terms, videos which explain how the site works, and answers to frequently asked questions. If you would like to become involved in school improvement activities, or would like to know more about the information in our school report card, please contact the schools your child(ren) are attending.

Sincerely,

A handwritten signature in blue ink that reads "Shawn Halbrook". The signature is fluid and cursive, with the first name "Shawn" being particularly prominent.

Shawn Halbrook
