

Credit Recovery

This is all online and accessible by the students. They are able to work on their assignments at any time.

1. Type www.thelearningodyssey.com for the web address
2. Type their 9-digit number where it says User Name.
3. Type their password where it says Password.
4. Type South Conway where it says School.

It is very important that you continue to work on your assignments. Especially seniors. If you have any questions, please email me at my school email. I will be checking it. Don't forget you are allowed to retake the 5 question quizzes over if you do not do well the first time.

Have a safe and happy spring break. See you when we get back.
