ELEMENTARY AND SECONDARY SCHOOLS EMERGENCY RELIEF USE OF FUNDS

Wheeler ISD is submitting an application for the Elementary and Secondary Schools Emergency Relief (ESSER III) Grant. The intent and purpose of the CARES Act education funding is to prevent, to prepare for, and to respond to learning loss created by the coronavirus pandemic.

Wheeler ISD will utilize funding for direct learning loss by allocating funds for diagnostic and accelerated-instruction software and curriculums. These funds will also be allocated for teacher retention and professional development.

Wheeler ISD will use the remainder of funding in areas including, but not limited to, technology infrastructure (servers, routers, Wifi enhancement), as well as technology hardware (desktop units, laptop units, smartboards, and various other technological tools), and finally as funding to update and improve air quality (renovating/replacing HVAC units in high need areas).
